REVENUE AND EXPENDITURE: OTHER (PP. 79-88).

Divisional Councils raised £99,986 from road rates and taxes, £21,849 from tolls and ferries, £5,745 from loans; other items make up the total of £144,286, which within a few pounds represents the expenditure, of which £90,699 went for roads, bridges, &c., £23,728 salaries, and £6,922 loans repaid. *Municipalities*.—The most noticeable items of income (£490,375 in all) are—rates and taxes, £196,107; market dues, £26,396; loans raised, £184,276; land, fees, and licences, &c., £32,744. On the other side of the account it will be observed that £209,110 was spent on works and buildings; £146,970 loans repaid, &c.; £49,347 on salaries, and £14,399 in aid of police. *Village Boards* are embryonic municipalities, to which stage two advanced in 1892. Their united receipts totalled to £6,663 in 1891-2. *Harbour Boards* have been constituted at four sea ports. Of the receipts (£283,927), £117,000 resulted from loans. The total disbursements show £105,918. *Hospitals*.—Excluding the two Transkeian Cottage Hospitals, the eight large aided institutions had a grand total income of £37,385, whereof £24,354 had come from the Public Treasury, and £5,836 from paying patients; and an outlay of £36,053—£10,666 being spent on salaries, and £13,875 on provisions. *Dutch Reformed Churches* rendered very complete statements on this occasion. Including the figures taken from statements received too late for insertion in their proper places, the receipts total to £97,588, chiefly from collections and fees. Large repayments of borrowed money were concluded, and building operations were active. *English Churches* also gave comprehensive lists, accounting for (with late arrivals) £80,225 receipts. The salaries and allowances absorbed more than was received from the offertories, subscriptions, and donations.

DEBT (PP. 89-92).

Government.—The amount of the Public Debt on the 31st December, 1892, was £26,006,167, whereof £24,289,005 was for the General Government and £1,717,162 for public works under the management of Corporate Bodies; £171,200 lay at 6 per cent., £1,669,406 at 5, £2,498,808 at $\frac{1}{2}$, £17,074,086 at 4, £4,585,967 at $\frac{3}{4}$, and £6,700 at nil, being debentures drawn or expired. The annual charge on the revenue is £1,163,630. *Village Boards* had £1,257 (including advances) on loan, and *Aided Hospitals* £1,457, including overdrafts; *Divisional Councils* with £10,381 in Bank overdrafts, had loans outstanding to the total of £48,696—a trifling increase on the previous year. *Municipal Councils* similarly with £25,662 overdrawn at the Bank, had outstandings of £972,512. Cape Town is answerable for £261,575 of this, Port Elizabeth for £276,627, and Kimberley and King William's Town each for upwards of £50,000. The Municipal arrear rates, exclusive of those for 1892, figure at £6,413, and the Divisional at £14,731.

IMPORTS, EXPORTS, AND SHIPPING (PP. 94-207A).

Imports.—In 1892, the total value of Imports, excluding *Specie* to the extent of £84,429, was £9,487,241, goods to the value of £7,691,195 coming from the United Kingdom, £683,277 from other British Possessions, and £1,112,769 from Foreign Countries. The value of *Merchandise* imported was £8,691,017, being over 15 per cent. beyond that for 1891, and nearly 3 per cent. over 1890, which year had the previous highest figures. Merchandise to the value of £8,408,566 was entered for consumption in 1892: £6,480,966 worth was retained in the Colony, while the entries for British Basutoland, Bechuanaland and the Orange Free State were respectively £35,644, £85,947, and £594,301, giving a total Customs Union consumption of £7,196,858; the balance of £1,211,708 is accounted for as follows, viz., South African Republic £1,185,667, and other "non-union" territories £26,041. The Customs duty collected was £1,361,955.

Exports.—The total value, excluding *Specie* (£228,426), was £11,576,370, the United Kingdom taking £11,576,370; British Possessions, £82,297; and Foreign Countries, £312,400. It should be noticed that these figures include £4,095,512 worth of raw gold, chiefly from the South African Republic, and £3,906,992 worth of Diamonds.

Shipping.—1,642 steamers, aggregating 3,840,353 tons, 576,295 horse-power, with crews of 109,674 men, besides 525 sailing vessels, of 345,548 tons and 6,896 men entered at ports of the Colony in 1892, and 1,647 steamers, of 3,837,351 tons, 576,237 horse-power, and 109,882 crews, with 528 sailing vessels, of 360,477 tons and 7,076 crews, cleared thereat.

Customs Union.—On 1st July, 1899, the Cape Colony and the Orange Free State entered into a Customs Union, the principles of which are the free exchange over the borders of all products and manufactures of States in the Union, the collection of Customs at full Union rates on all goods for Union consumption at the ports of the Colony or State where such importation takes place outside the Union, and payment to the Government of the State to which any imported goods may be removed for consumption of three-fourths of the duties collected on such goods by the State from which they are removed. Provision is also made for passing "in transit" through the Union States goods destined for places outside the Union under rebate, allowed to the importing merchants, of such portion of the Customs Union duties as may be mutually agreed upon. British Basutoland and Bechuanaland were admitted to the Union on the 1st July and 1st January, 1891, respectively. The value of goods removed, under rebate of portions of the Customs Union duties, to places outside the Union was £1,211,708 in 1892 against £629,971 in 1891.

RAILWAYS (PP. 209-216).

Government.—The amount of Capital invested on lines open to 31st December, 1892, was £18,557,593, the net receipts per cent. of capital being £4 14s. 8d. against £4 13s. 4d. in 1891 and £5 15s. 10d. in 1890. The newly-opened system (the Northern) gave a percentage of £9 9s. 9d., the Western £3 0s. 4d., the Midland £7 17s. 8d., and the Eastern £0 13s. 8d. In all 2,171 miles on the average were open for traffic in 1892; 4,771,635 $\frac{1}{2}$ tickets were issued and 713,521 tons (2,000 lbs. each) of goods conveyed, the train miles run being 6,972,360. The earnings amounted to £2,248,980 (compared with £1,896,400 in 1891 and 1890) being £1,035 18s. 4d. per mile of line open, or 6s. 5 $\frac{1}{2}$ d. per train mile, and the expenses to £1,370,904 (against £1,117,649 in 1891 and £1,047,420 in 1890), being 3s. 11 $\frac{1}{2}$ d. per train mile, the expenses being therefore 61.0 per cent. of the earnings. With the capital expenditure of £19,321,755 the whole length of the line sanctioned, viz., 2,252 miles, had been opened before the 31st December, 1892, 362 miles having been added during the year for traffic, 162 miles in 1891, and 235 in 1890. The cost per mile was £8,530. The working rolling stock consisted of 335 locomotives, 333 carriages, 4,744 trucks, and 416 other vehicles.

Private.—During the year the Cape Town and Sea Point line of $\frac{3}{4}$ miles was opened for passenger traffic, and a line of 11 miles laid down between Zwartkops Salt Pan and the Alocs on the Government (Midland) Railway System. The lines belonging to the Cape Copper Company, and those between Graham's Town and Port Alfred, and between Worcester and Ashton, carried in all 47,482 $\frac{1}{2}$ tons of ore and merchandise, and 29,208 passengers.

Tramways.—The four Tramway Companies have laid down 17 $\frac{1}{2}$ miles of line (including double lines) employ 309 horses and mules, and 42 ordinary cars and 1 electric car. Excluding the Kimberley (a private) Company's figures, the number of passengers (without monthly ticket holders) in 1891-92 was 1,199,750, the earnings being £27,071 and payments £18,924. *Telegraphs*.—At a cost of £419,659, 5,482 miles of telegraph line and 13,767 of wire, with 310 offices, had been opened for transmission of messages to the end of 1892, in which year the profit shown on working was £75,241. In all 1,424,361 messages—838,570 ordinary and 37,874 press—were sent in 1892. There were also 307 miles of telephone wire and 280 renters. *Postal*.—The number of letters despatched to England from the G.P.O., in 1892 was 1,320,520 compared with 176,882 in 1873, and 816,660 newspapers compared with 158,292. By steamer, rail and post cart no less than 1,827,820 lbs. weight of mail letter was conveyed to the Eastern and North Eastern Frontier: the corresponding figures for 1886, since which date (inclusive) travelling post office mails have been included, were 898,982 lbs. The Revenue and Expenditure of the Postal Department were respectively £185,826 and £194,167, contrasted with £111,235 and £243,120 ten years previously. *Money Orders*.—The total number issued in the Colony was 200,398 amounting to £558,646, and drawn on Colony 189,496 of £511,953: the commission received was £10,631. Through the intermediary of the Colony orders to the number of 11,951 and amount of £54,084 were issued by Bechuanaland, the Orange Free State, and the South African Republic on the United Kingdom and Foreign Countries in 1892 (the second year in which the arrangement was in operation); the other side of the account shows 948 and £4,075 respectively, as drawn.

WAGES AND HOURS OF LABOUR (PP. 220-9) PRICES (PP. 230-9)

Wages.—Every alternate year special returns of wages paid are obtained direct from employers of labour in the largest cities and towns. On this occasion information was obtained, for the first time, regarding the hours of labour adopted in the different trades. For Cape Town and Kimberley some 41 different classes of occupations are detailed, and full comparative particulars are exhibited in regard to Port Elizabeth, Graham's Town, East London, Queen's Town, Graaff-Reinet, and Worcester. A brief statement of wages and rent of a labourer's cottage or hut and of a town lodging for a mechanic's family in certain other localities is given on page 229. *Prices* of provisions, clothing, bedding, live-stock, animal productions and agricultural produce are specified for certain chief centres, with sum-

maries for 5 years for the Colony as a whole. It will be observed that the prices of flour, mutton and beef have been steady for 4 years and of bread for 3. *Market Rates.*—All stracts are obtained annually from the market-masters of several chief towns, and from them are derived statements showing the variations in the maximum prices of articles sold on the market. In the years 1890-2, the highest rate realized for 100 lbs. of wheat at Port Elizabeth was 14s., while at Kimberley 32s., per 203 lbs. was paid (also in 1890). For a bag, weighing 160 lbs., of potatoes as much as 45s. was given at Kimberley, and 20s. at Port Elizabeth for 100 lbs.

PRODUCTION (PP. 240-254).

Land.—The estimated area of the Colony (with annexed Territories) is 141,648,169 areas, whereof 43,640,963 areas (including reserves, outspan &c.) are undisposed of. The transactions during 1892 show high figures, and include 1,665 sales and alienations under the land laws alienating 1,769,313 morgen, the purchase amount being £259,065 and annual quitrent £835, 45 titles issued after amendment in regard to 163,815 morgen, and 173 freehold grants for 424 morgen. In all 1,883 titles were passed for 1,933,552 morgen, the total purchase amount being £263,565, and the annual quitrent £970. Details of land sales and leases, and of sales or quitrent and redemption of quitrent are given in returns Nos. 3 to 6. *Industries.*—The collection of material for the new return on the subject was found a task of such magnitude that its completion in time for this volume could not be secured. Portions of the Census tables have been consequently reprinted. As they have been fully referred to in the Census report it is sufficient to note that 319 of the 2,230 industrial establishments used steam power and 18 gas, and that the total output was valued at £9,238,870 in 1890-1. The whole take of *Fish* was 14,185,370 in number at 37 stations, with 298 boats and 1,408 hands. *Salt Pans* are found in 22 Divisions, the largest being in Kimberley, Port Elizabeth, Uitenhage, Malmesbury, Piquetberg, Cradock, and Clanwilliam—they have a combined output of some 300,000 bushels a year. *Copper Mines* are worked at three centres in Namaqualand (the quantity worked in 1892 being 32,897 tons), and *Coal* at four in Albert and one in Wodehouse—the total production being 41,717 tons. The weight of *Gold* registered on the Millwood and the Prince Albert fields amounted to 3,292 ozs.; the former were worked since August, 1887, and the latter since August, 1891. The reader who wishes to follow the fluctuations of the *Diamond* output and its value per carat, will observe three tables on pp. 249 and 250, showing events month by month since 1885. In all that period the highest average paid per carat for exports from Kimberley was realised in December, 1889 (£2 2s. 8½d.), and the lowest in June, 1888 (£0 18s. 4½d.). The area of the four mines in the Kimberley Division,—wherein 1,709 white and 7,301 coloured men are employed daily, and amongst whom 136 accidents, in which 62 persons were killed, happened in 1892—is only 111·73 acres. *Patents.*—Ninety patents were applied for in 1892, compared with 72 in the previous year, and 82 in 1890; and the number of *Copyrights* registered in 1892 were only 7 less than in 1891 (107), compared with 53 in 1890. *Trade Marks* were registered in 1892 to the number of 140, against 83 in 1891, and 56 in 1890.

NOTE.—A morgen = 2·1 acres.

ACCUMULATION (PP. 255-262).

Banks.—It was impossible at the early date at which pp. 356-7 went to press to publish the grand totals of banking transactions (which, however, are shown in the supplement, p. 328): the following remarks, therefore, merely apply to the results for the Colony. Legal tender notes in circulation on 31st December, 1892, amounted to £554,555, and other notes to £35,298—the former being an item introduced since 1st January, 1892. Deposits fixed stood at £2,376,996 and floating at £3,042,321. Under the head of assets, £1,509,982 was returned as the amount of coin in the bank coffers at the end of last year. Cape Government securities were held to the extent of £1,006,035; bills under discount figure at £470,545 covered, and £2,693,592 unsecured, and loans and advances at £1,175,554. Overdrawn accounts (unsecured) are returned at £72,454. Excluding £1,333,380 bills received for collection and a corresponding amount on the other side of the statement, the sum total of assets and liabilities for the quarter ended 31st December, 1892, was £10,705,593. To facilitate comparisons between the statements under the new and old Bank Act, the figures for the last three half-years have been adjusted as far as practicable to the headings under the Act of 1865, and the returns under that Act have been republished for 1881, and for 1887 to 1890. A few figures may be of interest:—

	1881—Dec. 31.	1891—June 30.	1892—Dec. 31.
Bills and Notes under discount, and not yet due,	£10,536,414 ..	£2,404,040 ..	£3,149,580 ..
Deposits—fixed	£712,004 ..	2,416,568 ..	2,376,996 ..
" —floating	3,690,440 ..	2,977,729 ..	3,042,321 ..

In 1881 there were 11 banks, now there are four.

P.O. Savings Bank had on 30th June, 1892, 196 branches, with 68,047 deposits of £848,972. There had been 23,808 withdrawals removing £720,682, leaving an excess in favour of deposits of £128,290. 9,880 accounts had been opened, 5,805 closed, and 31,386 remained open with £879,975 (including interest) to the credit of such open accounts—an average of £28 0s. 9d. The *King William's Town Savings Bank* had 1,248 depositors with £51,827 to their credit; the figures for this institution show increases on preceding years' transactions. At the Cape of Good Hope Savings Bank a notice was posted up to the effect that the bank was in liquidation. At the annual meeting in March, 1893, it was decided, however, to continue the business. *Value of Property.*—The total value of fixed property in the Colony proper, including property in towns, as assessed for Divisional Council purposes, was £36,813,622, while the value of property in Municipalities was £14,583,047 according to the Municipal rating. In only one case is the Divisional Council rate over 1½d. in the £; but considerable variations are noticeable in Municipal rates.

LAW AND CRIME (PP. 263-302).

TRANSFERS AND BONDS.—Transfers to the number of 7,133, representing a value of £3,040,853, were passed in 1892; while 3,833 bonds of £2,167,308 were passed, and 2,862 of £1,660,006 were cancelled. There were also 201 bonds for £153,145, connected with insolvent estates, cancelled. *Insolvencies.*—Fifty-three estates were compulsorily sequestrated in 1892, but it has been found impracticable to state the full amount of the assets and liabilities. Of the 161 estates voluntarily surrendered, the assets and liabilities were respectively £101,386 and £189,815, a large decrease compared with the previous years' figures.

PRISONERS.—Males to the number of 36,964, besides 5,267 females, were inmates of Lock-ups and Prisons during the year 1892. Of white persons received during the year, 56 were males and 5 were females under 18 years of age, and 3,390 were males and 101 females over 18: the corresponding figures for coloured persons were respectively 1,040, 110; 30,707 and 4,666. The discharges numbered 32,236, transfers 5,933, escapes 164, deaths 63 (the cases of illness lasting more than 48 hours being 2,660), other disposals (i.e., releases on bail, &c.) 1,103, while 2,584 people remained in confinement. The total average daily number of prisoners during the year was 2,270, and the approximate average daily number working was 1,213—420 being engaged by local bodies and private individuals. The result of this was £17,036 as the gross value of prison labour, £7,035 being cash earnings. A large increase in local punishments and in the number of separate cells (compared with 1890) is to be observed. The average cost per head for feeding and clothing Prisoners is increasing: with bread at 3½d., beef 4½d., mutton 4½d., rice 3½d. per lb., and mealies 10s. 3½d. per 100 lbs (which is high), it is now £8 14s. 11d., against £4 8s. 6d. in 1889. The *Gaol Establishment* at 31st December, 1892, was 362 strong, the *Cape Police* numbered 1,935, and the ordinary *Police* were 954 in number. The *Cape Police Force* had 727 horses, and the European officers and men were fully armed. *Corriets.*—The return on this subject should have appeared on page 276. The number dealt with during the year 1892 was 3,840, of these 1,613 were newly committed: the year ended with 4 more on hand than there were at its beginning, the discharges being 1,477, deaths 21, desertions 9, and transfers 217.

Special Justice of the Peace Courts.—Of these there were 25, but 2 were open for only part of the year. The apprehensions numbered 2,325, and the convictions 1,820, while the cases of 89 persons were disposed of by Resident Magistrates, being beyond the jurisdiction of Spl. J.P.'s. Accusations for offences against good order figured at 1,091, including 567 drunkenness cases, nearly all resulting in convictions; and there were 272 convictions for assaults, 171 for thefts, and 396 for contravention of the Masters and Servants Act. *Resident Magistrate's Courts.*—The full number of persons accused before Magistrates in 1892 was 53,714: of which 7,947 (14·8 per cent.) were white males, 488 (0·9), do. females, 39,480 (73·5) coloured males, and 5,799 (10·8) do. females. 77·67 per cent. or 41,667 were convicted, and the cases of 1,277 (2·38 per cent.) were transmitted to Superior Courts, 15·22 per cent. were acquitted, dismissed or discharged. The 41,667 convictions were imposed on 35,658 distinct individuals, 7·79 per cent. having been convicted twice in the year, 1·94 thrice, 0·73 four times, 0·32 five times, and 0·27 six times and upwards. Confining attention to the two chief points—convictions and transmissions to Superior Courts—the following figures are presented for the different classes of crime, viz.:—Offences against person, 4,698 and 379; Person and Property, 280 and 190; Property, 5,617 and 627; Good Order, 21,200 and 2; Carrying out laws, 1,731 and 33; Forgery, Currency and Revenue Offences, 280 and 18; Public Welfare, 7,981 and 28. Combining Spl. J.P. and R.M. Court convictions

and transmissions for certain offences, the subjoined results are arrived at:—Stock thefts, 2,450; Drunkenness, 12,185; Master and Servants Acts cases, 3,567. The Punishments inflicted by R.M.'s in the largest number of cases were:—Fine or imprisonment with hard labour, 27,150; imprisonment with hard labour, 6,265; fine and imprisonment, 886; whipping, 517; imprisonment with sparse diet, 497. The "other punishments" include different combinations of punishment and parental correction, &c. *Civil Cases* may be particularized as follows, viz.:—16,660 of £155,491 were recorded, 4,579 of £35,808 were withdrawn, and 11,649 were decided, the awards amounting to £84,152, while 396 of £3,993 were postponed, and 36 of £410 were undisposed of. 1,003 decrees of civil imprisonment were granted in 1892. *Superior Courts.*—*Criminal Cases.*—The total number of indictments in 1892 was 633, of which 198 are credited to Supreme and Western Circuit, 364 to Eastern District, E., Northern and Transkeian Circuits, and 71 to High Court. Under Offences against the Person there were 251 convictions; Person and Property, 128; Property, 282 (159 being for stock theft). In all, there were 677 convictions and 220 acquittals, while 8 cases were otherwise disposed of. At Kimberley, 63 cases were brought before the *Special Court* which deals with cases under the Diamond Trade Act, and in 53 instances convictions resulted. The Judges in Chambers reviewed 4,388 cases in 1892, confirming sentences in 4,171, quashing 171, and amending 46. *Civil Cases.*—Of these 1,791 were disposed of in 1892, 369 being illiquid; the Supreme Court and Western Circuit dealing with 1,104, the Eastern Districts, Eastern and Northern, with 382, and the High Court with 303. For over £250 there were 35 judgments, the amount of all judgments being £49,303. The Courts sat 212 days in *banco* and 113 in Chambers. Actions for Divorce numbered 51 in 1890, 49 in 1891, and 56 in 1892.

Inquests.—Reckoning inquests and investigations together it is found that 895 of these transactions took place in 1892, the cases of violence forming 11.95 per cent. of the whole, and consisting of 51 cases of suicide and 56 of injuries inflicted by other, a cause which has fallen off noticeably since 188. Reference to the Crime Returns show that eight cases of attempted suicide were brought to Court during the year. The promulgation of the Pharmacy Act late in 1891 possibly accounts for the sudden decrease (to 13) in deaths from accidental poisoning. More than a hundred people were drowned in 1892, over ninety were killed by falls, more than sixty were run over, while eighteen were burnt and 14 perished through accidents with firearms. The decennial return published brings out the regularity in deaths from being run over and drowned.

RELIGIOUS, EDUCATIONAL AND CHARITABLE INSTITUTIONS (PP. 303-314).

ECCLIASTICAL.—The return relating to Churches and to the Receipts and Payments in connection therewith is condensed from the statement published in the Census volume, and therein fully reported on (see pp. 482-5). During the Census year there were 1,882 places of Worship (capable of holding 351,999 persons), whereas the average attendance was 197,051, and the number of communicants 175,341.

All the churches combined had an income of £311,759 and an expenditure of £301,160.

EDUCATION.—Besides aiding five Colleges attended by 324 students, the Education Department made grants in 1891-2 to 503 Un denominational Public Schools, 27 Trade Classes, 483 Mission Schools, 69 District Boarding Schools, 299 Industrial Training Schools, 10 Special, 371 Private Firm Schools and 47 Circuit Schools, and the total expenditure on the 1,814 Institutions and the office staff, &c., amounted to £113,930. 1,366 schools with 72,347 children on the books, and 58,855 actually present were inspected during the year 1891-2, with the result that 375 were registered above standard, 552 under VI., 1,646 under V., 3,619 under IV., 7,530 under III., 9,586 under II., 9,928 under I., and 25,619 below any standard. It is interesting to note that just after the passing of the present Education Act (*i.e.*, in 1866), there were 392 schools with 32,875 scholars; in 1875, 641 with 54,167; in 1884-5, 994 with 76,018. *The University.*—207 under graduates having matriculated in 1892, the roll of undergraduates stands now at 1,738, while 323 persons have passed (39 in 1892) the Intermediate Examination in Arts, and 259 have taken *Bachelors Degrees* (20 in 1892). 185 Certificates for Law and Jurisprudence have been issued, and 126 for Land Surveying. Elementary School Examinations, under the auspices of the University, have been held since 1876, and School Higher since 1880. The large number of 1,274 candidates passed the former examination in 1892, and 333 the latter: in all 9,574 have been successful. *Museums.*—At the three museums there were visitors to the number of 82,072, and 17,173 specimens were presented. *Libraries.*—Under special grants six of these Institutions are aided, while 73 receive grants under Government Notice No. 442 of 1874. No less than 258,006 volumes are on hand, and the subscribers' lists total to 5,732.

Charitable Institutions.—Including one return received too late for insertion in its proper place, 12,934 inmates of General, Gaol, and Lock Hospitals, Orphanages, Refuges, &c., have been accounted for. Of these 1,670 died, and 2,777 remained. The number of out-patients is large. It appears that 668 persons received indoor relief in connection with Gaol Hospitals as paupers in 1892, and that 309 was the monthly average number of cases of out-door relief in the same period. In the 15 General Hospitals, 6,425 non-paying patients were treated. *Hospitals.*—8,000 cases were under treatment in the chief colonial hospitals in 1892: 4,454 were cured, 969 relieved, 210 patients left unimproved, and 906 died. The full number of nurses and servants was 245. Besides these there were cases in the two Transkeian Cottage Hospitals, the four Lock and three Railway Hospitals. *Asylums.*—At the five asylums, 747 patients were cared for last year: 112 patients were discharged—59 had recovered, 38 were relieved, 7 transferred, and 8 had not improved, while the deaths were 49 in number. In resident attendance 78 persons were employed. It will be seen from Return No. 19 that 272 male and 141 female lepers were under treatment at Robben Island Infirmary on 31st December, 1892. The average cost of a patient varies from 1s. 5d. in the Old Somerset Hospital (chronic sick) to 4s. 2½d., in the New Somerset Hospital, and from 3s. 3½d. in the Graaff-Reinet, to 9s. 4d. in the Barkly West Hospital. *Friendly Societies.*—The Census return (which is the latest complete one) accounts for 130 societies and 14,277 members.

AGRICULTURAL AND LIVE STOCK STATISTICS (PP. 315-326).

The six statements published are reproductions of the Census Returns, and cover the whole subject. The present season is a late one, and as crops—especially Maize and Kafir corn—in the Midland and Border districts do not, under ordinary circumstances, come to maturity until May or June, it is impossible to publish in this volume the results of the enumeration now in progress.

SUPPLEMENTARY RETURNS, 1893.

The Imports, Consumption, Export, and Shipping Returns are given in considerable detail for the first quarter of the current year (1893), in comparison with the opening quarters of 1891 and 1892. Abstracts of Colonial Revenue and Expenditure, and of Railway and Telegraph business, are similarly shown. Opportunity is taken under the provisions of the Bank Act of 1891, to publish the figures of the statement for the quarter ended 31st March, 1893. The full figures up to 31st December, 1892, which could not be stated on pp. 256-7, are also now printed, and a memo. of criminal cases tried in the R.M.'s Courts.

CONCLUSION.

It is fitting to record here that valuable assistance has been willingly given by the officials connected with the Local Government Boards, the Ministers of Religion, and the Proprietors of Businesses, and by many other persons. They have readily furnished the statistics which the Government has been enabled to incorporate in the various returns published in this book. Reference must be made to the alacrity with which the Department of the Public Service have complied with numerous requests for information. Such interest is now displayed that it was possible to send advance copy No. 1 of the Statistical Register, containing the whole of the detailed Customs Returns for 1892, besides other statements, to the Agent-General in London, by the R.M.S. "Roslin Castle," which arrived in England on the 8th April, 1893.

MEMO.—On Acreage disposed of and undisposed of.

As no general Survey of the Colony has been made, it is impossible to state exactly the area undisposed of. From the latest calculations that have been made, however, the area of the Colony, including Griqualand East and West, Tembuland, Transkei, Port St. John's, and Walfish Bay, is estimated at 66,924,400 Morgen (141,648,169 Acres). The quantity of Land disposed of up to the end of 1892 being about 46,307,466 Morgen (98,011,611 Acres), there appear to remain undisposed of 20,616,934 Morgen (43,636,558 Acres), in which are included some Loan Places still unconverted, Missionary Institutions, Native Reserves and Locations, Outspans, Commonages, and Crown Lands, leased under Act No. 19 of 1864. To the above area remaining undisposed of should be added 2,082 Morgen (4,405 Acres), representing the total of farms transferred to, resumed by and surrendered to Government during 1892. The total area undisposed of is, therefore, 20,618,016 Morgen (43,640,963 Acres).

NOTE.—One Morgen=2·1165402 Acres.
