## AIR PHOTOGRAPH OF UNIVERSITY COLLEGE OF FORT HARE

The main blocks of buildings housing all departments appear in the left centre of the picture. Immediately above is the Christian Union building with tower, and the Principal's residence on the left. Beyond the adjacent road are the Men's Hostels in the following order from the left : Beda (Anglican), Iona House (Presbyterian), Men's Dining Hall, Wesley House (Methodist), old and new blocks. On the other side of the straight road to King William's Town, on the extreme right, which passes through the College Farm Property, are the staff houses. The Women's Hostel (Elukhanyisweni) is on the left of the picture. In the foreground is the line of the Tyumie River which separates Fort Hare from the town of Alice and from Lovedale Institution.

## Historical Sketch

The South African Native College was declared open by the Rt. Hon. General Botha, in the presence of a large and representative gathering of Europeans and Natives on the 8th of February, 1916. Thus, after many years, the ideal of a College for the higher education of the Natives of South Africa reached the stage of working realization.

As early as the year 1878 Dr. James Stewart of Lovedale recognized that if the desire for education on the part of Natives continued to grow, sooner or later it would be necessary to provide an Institution which would give an education, under Christian auspices, of University standard. In November 1904, Dr. Stewart represented this view to the Inter-Colonial Native Affairs Commission, of which Sir Godfrey Lagden was President, and when this Commission reported in January 1905, the recommendation was made "that a Central Native College or similar institution be established and aided by the various States for training Native teachers and in order to afford opportunity for higher education to Native students."

On the 28th of December, 1905, a week after the death of Dr. Stewart, a convention of Natives from all the States of South Africa was held at Lovedale, under the presidency of the late Mr. J. W. Weir of King William's Town, to consider the steps that should be taken to give effect to the recommendation of the Inter-Colonial Native Affairs Commission. It was resolved to prepare a petition for presentation to the High Commissioner and the various Governments of South Africa, praying that an Inter-State Native College should be established.

In the years that followed much was done to enlist the sympathy of the Governments concerned and to obtain the support of the Churches and of the Native Races throughout the Sub-Continent. Much is due to the efforts of the late Hon. J. W. Sauer, General Sir C. P. Crewe, and Senator the Hon. Colonel Stanford. An Executive Board, appointed by the Conference of Representatives of the Guarantee Fund, met for the first time on the 3rd of October, 1907, under the Chairmanship of the Rev. James Henderson, M.A., Principal of Lovedale. The interest of the Natives in the scheme was manifested by the grant of £10,000 made by the Transkeian Territories General Council in the same year. The United Free Church of Scotland offered a site at Fort Hare as part of a contribution of £5,000, and other contributions were made or promised.

In 1908 a Select Committee on Native Education appointed by the Parliament of Cape Colony reported in favour of giving support to the Inter-State College, but owing to the large political questions engaging the attention of statesmen both before and after the passing of the Act of Union in 1910, the College scheme suffered delay.

Meanwhile, with the capital already available, a property adjoining the site at Fort Hare promised by the United Free Church of Scotland had been purchased. The whole formed a compact block with buildings suitable for staff housing and capable of adaptation to allow of the carrying on of the College until such time as permanent buildings might be erected. The site proposed for the future College Buildings was the historic one at Fort Hare, on which the lines, trenches, bastions and block-house of that important military station, the largest on the frontier, are still clearly visible. From the site the ground slopes away to the Tyumie River which girdles the lands now occupied by the College Farm.

In November 1914 an important step forward was taken when the Constitution of the College, which had been submitted in draft to the contributors and various bodies interested, was finally adopted. The Governing Council of the College, established under the Constitution, held its first meeting in January 1915, and took over the funds hitherto administered by the Executive Board. The Council decided that the site offered by the United Free Church of Scotland was suitable for the purposes of the College, which, in view of the incorporation in the Union of the various States interested in its foundation, was hereafter to be called "THE SOUTH AFRICAN NATIVE COLLEGE." The Government of the Union of South Africa pledged its support by promising an annual grant and appointed its representatives to the Governing Council, a step that was also taken by the University of the Cape of Good Hope and by the various contributing bodies.

In February 1916, as already noted, the College was declared open by the Prime Minister of the Union, and classes were inaugurated on the 22nd of the same month with a roll of twenty students, drawn from all the provinces of the Union and from Basutoland.

In 1917 the Governing Council approved of plans which had been prepared by the Public Works Department of the Union. The scheme makes provision for the gradual development of the College through a long series of years.

In 1918, the Union Government placed upon the loan estimates a sum of £10,800 for the erection of the middle portion of the main tuition block which the Governing Council unanimously agreed to associate with the name of Dr. Stewart. The loan was passed by Parliament and thus, in spite of the difficulty of war conditions, the erection of the first permanent building of the College was ensured.

In the same year the Wesleyan Methodist Church of South Africa, which had been interested in the scheme from its inception, determined in Conference to proceed immediately with the erection of the Hostel to accommodate students belonging to that denomination and, availing itself of opportunities provided by the Governing Council, resolved to transfer its Theological Seminary for Native Ministers to Fort Hare.

In 1919, the Administration of Basutoland intimated its intention of contributing an annual grant of £300 to the funds of the College, and of sending a representative to sit on the Governing Council of the College.

In 1920, the erection of the Wesleyan Hostel and Warden's Residence was begun and the Warden was appointed to the Staff. The Hostel was completed in 1921.

In the same year the Church of the Province rented a house as temporary hostel and the Warden was appointed to the Staff.

In 1920, also, the first portion of Stewart Hall was completed and taken over for teaching. This was opened by the Rt. Hon. F. S. Malan, Minister for Education, on the 8th day of January, 1921, in the presence of a large gathering of Europeans and Natives.

In 1923 the College was incorporated under the Higher Education Act (No. 30 of 1923). By this Act the Government of the Union of South Africa is entitled to nominate *four* representatives to the Council instead of *two*, while the Senatus, or Board of Studies, obtains *two* representatives for the first time. The Governing Council which had fashioned the policy of the College since 1916 and had seen it through the uncertainties of its early days held its last meeting on the 30th August, 1923, when certain alterations to the constitution, necessary to bring it into line with the provisions of the Act, were passed.

In 1923 the Presbyterian Hostel was erected on a site granted to the United Free Church of Scotland in 1919. It was occupied in February 1924.

In 1925 the Foundation stone of the Assembly and Dining Hall was laid by the Hon. the Prime Minister, General J. B. M. Hertzog, and an extension of Stewart Hall was undertaken.

In 1926, for the better prosecution of the Agricultural Training given at the College, an additional farm of 1,250 acres was purchased, and adequately stocked with dairy cattle. The College Farm land was thus brought up to a total of 1,600 acres (approx.) and room for expansion secured.

In 1926 also, £1,500, being the balance of a donation promised in 1926 on condition that £50,000 of capital was raised, was paid over by De Beers Diamond Syndicate.

In 1929 Dr. Henderson laid the foundation stone of the Student Christian Union, the cost of which had been borne by the Student Christian Associations of the United States and Canada. This hall was officially opened on 27th June, 1930, by Mrs. Max Yergan. It provides the headquarters of the Bantu Branch of the Student Christian Movement in South Africa, and is intended to afford a training ground for social workers.

On 19th July, 1930, Dr. Henderson, Principal of Lovedale, died. Dr. Henderson was elected first chairman of the Executive Board formed to promote the College scheme in 1907, and on the formation of the Governing Council in 1915 continued as chairman, an office which he held until his death. Dr. Henderson thus directed the promoting and governing bodies of the College for the first twenty-three years of its development.

In 1934 the Chamber of Mines gave £75,000 as an endowment for Native Medical Education and this was handed over to the College for that purpose by the Minister of Education (The Hon. J. H. Hofmeyr). In this year separate Departments of Botany and Physics were established, making a B.Sc. course possible.

In 1934 the building of the first portion of the Anglican Hostel was begun. This portion was completed in 1935 and officially opened on the 1200th St. Beda's Day (27th May) by H.E. the Earl of Clarendon, Governor-General of South Africa.

In March, 1936, the Coming-of-Age Celebrations were held at the College. On the same occasion Senator the Rt. Hon. F. S. Malan laid the foundation stone of the new Science Block for Chemistry, Physics and Medicine. This was named Livingstone Hall and declared open by the Hon. J. H. Hofmeyr, M.A., LL.D., on March 24th, 1937.

In December 1937 classes for the certificate of the Joint Matriculation Board were discontinued and, except for certain special

courses, the College teaching was confined to Post-Matriculation and Post-Graduate courses.

On November 8th, 1940, the Welsh Wing of Stewart Hall, which houses the Biological laboratories and lecture-rooms, was declared open by Senator the Hon. W. T. Welsh. Towards the cost of this the Natives of the Transkei gave £1,000, in recognition of the services of Senator Welsh as Chief Magistrate from 1920-1933.

After the Graduation Ceremony on April 5th, 1941, the new Women's Hostel ("Elukhanyisweni") was declared open by Mrs. Ballinger, M.A., M.P.

Henderson Hall, housing the Pim Library and the F. S. Malan Museum, was declared open after the Graduation Ceremony on March 28th, 1942, by Rev. A. W. Wilkie, D.D., C.B.E.

On September 20th, 1946, Lt.-Col. James Donaldson, D.S.O., founder of the Bantu Welfare Trust and donor of about £200,000 to African progress, laid the foundation stone of the Donaldson Wing of Stewart Hall, thus completing the original teaching block of the College.

During 1947 and 1948 extensions were effected to the Presbyterian, Methodist and Anglican Hostels, thus making provision for over 300 men students. A Dining Hall and additional bedrooms were completed at the Women's Hostel and were brought into use in 1949.

In June 1948 Dr. A. Kerr, Principal of the College since its foundation in 1916, retired. At the Graduation Ceremony many tributes were paid to the soundness of his leadership and service, and former students presented him with a chief's kaross and established a scholarship fund bearing his name.

In March 1949 Prof. C. P. Dent, who joined the staff in 1922, was appointed Principal.

In March 1951 the College became affiliated to Rhodes University in terms of the Rhodes University (Private) Act 1949. Prior to 1951 students of this College had taken the examinations for degree and certain diplomas of the University of South Africa. Though students of this College were technically external students of the University, the College latterly enjoyed many of the rights and privileges of a constituent College and most of the provisions applicable to internal students were applied to students of this College. (see Calendar of the University of South Africa 1950 at page 474).

At the beginning of 1951, a practising school, called the Jabavu Secondary School after Prof. D. D. T. Jabavu who was a member of the College staff from 1916 until his retirement in 1945, was opened to facilitate the training of students taking the University Education Diploma.

The Government Gazette of October 3rd 1952 recorded that the name of the College had been changed to the University College of Fort Hare, 1952.

## The Howard Pim Library

1. The use of the library is free to all internal students and members of the staff of the S.A.N.C., Fort Hare, subject to their observing all library rules and regulations.
2. All students must apply to the library staff for library tickets at the beginning of each session : and must at the end of each session return all books and tickets issued to them.
3. Students may each borrow up to six volumes at a time ; but this number may be reduced at any time at the discretion of the Librarian ; students working for higher degrees may borrow additional books at the discretion of the Librarian.
4. The normal period of loan for books is a fortnight ; but (1) in the case of books much in demand the period of loan may be reduced, e.g. to one week or three days ; (2) certain books are placed on the reserved list and are not of open access to students ; these are lent for use in the library, and in many cases may be borrowed 'overnight' or for longer periods. (For the current definition of an 'overnight' loan, see notice board in library). Except in the case of loans 'overnight' or for use in the library only, the latest date for return will be marked on the date label inside each book.
5. Books shelved in the reading room section of the library are for quick reference within the building only ; they may be used without registration. For any other book, a ticket must be surrendered. No periodical may be removed from the rack without being signed for on the sheet provided at the issue desk. All periodicals should be returned to the staff for cancellation of such entries.
6. No book, periodical or paper may be removed from the library until its issue has been recorded by the librarian, and current numbers of periodicals will not be lent, though back numbers may be. Students returning books must wait to receive back their tickets.
7. The loan of a book may be renewed for a further period at the discretion of the Librarian, provided there is no waiting list for the book in question.
8. A student may request that a book be reserved for him, and his name may be entered on the waiting list for that book.
9. The fine for overdue books is 1d. the first day, and thereafter 3d. per day or part of a day ; for books lent 'overnight,' or

for use in the library, and not returned at the end of the morning or afternoon as the case may be, 1d. per hour or part of an hour that the book is overdue; subject to a maximum fine of 2/6 per volume. A student whose fine has reached this amount incurs the *additional* penalty of seven days suspension from the use of all library facilities, such suspension to continue for seven days *after* the fine has been paid."

10. The borrower of a book is held liable for any loss or damage to it occurring while it is issued out on his ticket. Books must not be transferred from one student to another without return to the library. Students must make quite sure that any damage done is noted by the library staff before they take books out. Books must not be passed through library windows. Tickets must not be borrowed or lent.

### GIFTS TO THE LIBRARY

The Library Committee wishes to acknowledge with thanks generous gifts of books and periodicals received during 1953 from the following:—

University of Fort Hare  
Together in Excellence

The British Council, the U.K. Information Office, the U.S. Information Office, the High Commissioner for Australia, the Universities of Cape Town and the Witwatersrand, Prof. D. Hobart Houghton and the students of Rhodes University, Messrs W. B. Bowers, J. S. Kunene, A. A. Roberts, J. Rollnick, the Misses Beampied, E. Britten, E. B. Darke and other friends.

Thanks are due also to the Union Government, which has now placed the College Library on its free mailing list, to the Departments of Native Affairs, and Education, Arts and Science, Provincial Authorities (various departments), and the Authorities of various African Protectorates and Territories for reports and other official publications; also to the publishers of the following newspapers:—

## F. S. Malan Museum

This is primarily intended as an Ethnological study and research Museum, specializing in development of African customs and cultures, and in the influence of culture contacts on such development. At the same time it is open to all students and to the public, and the collection of material is inspected annually by a large number of interested visitors. The College is anxious to expand the work of collecting material which is rapidly disappearing and invites the cooperation of interested persons in assisting the College to build up its collection.

6. It is necessary to secure the permission of Rhodes University Senate

- (1) to take more than 10 courses for this degree ;
- (2) to do more than the maximum number of courses prescribed for each year ; (see 4 (3) above) ;
- (3) to include more than one course from Group E.

7. Candidates may not take any degree course in Latin, or Nederlands and Afrikaans, without having gained a pass in that subject in the Matriculation of equivalent examination ; or in Mathematics, or Applied Mathematics, or Physics without a pass in Mathematics in the Matriculation or equivalent examination.

8. Afrikaans may not be taken by a student who has passed Afrikaans or Nederlands on the higher grade in the Matriculation or equivalent examination.

Credit will not be given for Afrikaans as well as for Nederlands and Afrikaans but if a student has gained a first class in Afrikaans he may proceed direct to Nederlands and Afrikaans II.

9. Credit will not be given for courses in two Bantu Languages of the same group.

10. Students intending to take U.E.D. must read the paragraph on this.

### REGULATIONS GOVERNING B.Sc. COURSES

#### Ordinary Degree

(1) Subject to any exceptions approved by the Senate, a candidate who commences the curriculum for the degree of Bachelor of Science in or after 1954, shall not obtain credit for any cause in any subject unless he has, prior to the commencement of that course attained the pass standard in Mathematics at the Matriculation Examination or another examination deemed by the Senate to be equivalent thereto. (Extract from Rhodes Faculty of Science 1953 p. 191).

(2) *Number of Courses* : A curriculum shall contain not less than *nine* courses which shall be distributed over the three years of study as follows :—

- 1st year* : not more than 4 (number usually taken : 4)

Botany I or Psychology I or Mathematics I.

*2nd year* : Chemistry II ; Physiology I ; Hygiene I.

*3rd year* : Physiology II ; Hygiene II.

(2) A candidate may not enter on the course Physiology I until he has completed the course Chemistry I, Physics I and either Botany I or Zoology I.

(3) A candidate shall be required to pass the examinations in Hygiene II and Physiology II simultaneously.

## REGULATIONS GOVERNING THE UNIVERSITY EDUCATION DIPLOMA

Students who intend to become teachers and require the U.E.D. must have taken the following courses :

*B.A. students* : Either two majors from (a) and one first year course from (a) or (b). Or one major subject from group (a) and two other subjects from group (a) each taken for two years.

(a) English 3, Nederlands en Afrikaans 3 ; Latin 3, a Bantu Language 3, History 3, Geography 3, Mathematics 2, Religious Education (i.e. Biblical Studies 1 & Systematic Theology 1).

(b) Classical Culture, Applied Mathematics, Economics and Economic History, Social Anthropology, Psychology, Physics, Chemistry, Botany, Zoology.

*B.Sc. students* : Two majors from (c) and one first year course from (c) or from the B.A. subjects (a) and (b) above.

(c) Botany 3, Zoology 3 (or instead of Botany 3 and Zoology 3, Botany 2-plus-Zoology 1 OR Botany 1 plus-Zoology 2), Chemistry 3, Physics 3, (or instead of Chemistry 3 and Physics 3, Chemistry 2-plus-Physics 1 OR Chemistry 1-plus-Physics 2), Geography 3, Mathematics 2, Physiology 2-plus-Hygiene 1.

Intending U.E.D.'s are advised NOT to take Education for their degree. If they do take it, they will have to do a further degree course during their U.E.D. year.

All U.E.D. students who intend to qualify as teachers in the Afrikaans medium are advised to take the one year course in Afrikaans provided by the college.

### REGULATIONS GOVERNING THE CERTIFICATE IN THEOLOGY

This is a two-year course open to non-matriculated students studying for the Christian ministry and recommended by their Churches. Points (indicated in brackets after the subjects below) are awarded for a pass in any subject. Candidates must secure a minimum of 20 points out of a possible 23 points to secure the certificate.

The subjects for the certificate are :

Theology (4), English (4), Old Testament Introduction (2), New Testament Introduction (2), Old Testament Exposition (2), New Testament Exposition (2), Church History (4), Ethics (2), Bookkeeping (1).

Theology and English are two-year courses; Church History comprises two one-year courses; Old and New Introduction and Exposition each two half-year courses; Ethics a one-year course taken in the second year; Bookkeeping a one-year course taken in alternate years.

No supplementary examinations are held, but students failing in any course may repeat the course the next time it is offered, and students wishing to complete the Certificate after leaving the College may take the examination in any course at the end of the half-year or year in which it is offered, on application to the Registrar.

## AFRIKAANS

Dit is 'n eenjarige kursus in Afrikaans alleen. Die kursus mag nie gevolg word deur kandidate wat by die Matrikulasie-eksamen, of 'n ander eksamen wat volgens die Senaat gelykstaande is, in Afrikaans op die Hoër Graad geslaag het nie. Krediet sal nie gegee word vir sowel Afrikaans as die eerste kursus in Nederlands-Afrikaans nie, maar 'n student wat 'n eerste klas in die eksamen in Afrikaans behaal het, mag, met die goedkeuring van die Hoof van die Departement, voortgaan met die tweede kursus in Nederlands-Afrikaans.

Studente wat voornemens is om later die graad LL.B.—te haal, en wat by die Matrikulasie-eksamen op die Laer Graad geslaag het, word sterk aanbeveel om die kursus Nederlands-Afrikaans te volg. Sodanige kandidate word versoek om die hoof van die Departement te raadpleeg oor die taalvereistes vir LL.B.

Die eenjarige kursus in Afrikaans is meer te doen om studente 'n geleentheid te bied om hulle Afrikaans te verbeter.

**COURSE II***Paper 1. The Development of Economic Analysis.*

- Outline history of the theory of value and distribution.
- More advanced treatment of the theory of demand and the theory of the firm.
- Price-determination in practice, competition, interference with competitive process, public utilities.
- Theory of comparative costs.
- Theory of distribution, rent, wages, interest and profit.
- Introduction to welfare economics.

*Paper 2. The Development of Monetary Theory and Financial Institutions.*

- The meaning, causes and effects of changes in the value of money.
- Monetary policy ; financial institutions.
- The theory of foreign exchange, foreign exchange and the balance of payments 1914 to 1939.
- Introduction to modern monetary theory and its extension to the theory of business cycles.

**BOOKS :**

- Cairncross, A. : *Introduction to Economics*
- Samuelson, P. A. : *Introduction to Economics*
- Gray, A. : *Development of Economic Doctrine*
- Crowther, G. : *An Outline of Money*
- Sayers, R. S. : *Modern Banking*

Further references will be supplied in the course of the year.

## COURSE III

*Paper 1. Price determination.*

Economic dynamics and the theory of expectations : dynamic treatment of the theory of the firm : general and partial equilibrium.

Theory of interregional and international trade and trade policy.

*Paper 2. Business cycles.*

The different types of industrial fluctuations : theory of income and employment : problems and policies of monetary control, national and international.

*Paper 3. Public Finance and the Economic Functions of the State.*

Public income : public expenditure : national debt : public and private sectors of the economy : State action to promote welfare and economic stability.

*Paper 4. The Economy of South Africa*

Factual study of the economic structure and development of South Africa with special reference to the national income, farming, mining, manufacturing, foreign trade, transport, labour, capital investment, public finance and the functions of the State.

**BOOKS :**

- Saxton : *Economics of Price Determination*  
 Stigler : *Theory of Price*  
 Ohlin : *Interregional and International Trade*  
 Elsworth : *International Economics*  
 Keynes : *General Theory of Employment, Interest and Money*  
 Halm : *Monetary Theory*  
 Dalton : *Public Finance*  
 Hansen : *Economic Policy and Full Employment*

A bibliography on South African economy may be obtained from the lecturer.

Further references on all sections will be given in the course of the year.

(Students taking *Economics* as a major subject must take at least one course in *Economic History* during any year of their course).

## ENGLISH

## COURSE I

## I. LITERATURE

## A. NARRATIVE &amp; DRAMATIC :—

1. *Ballads and narrative verse* : Old ballads, Tennyson, Coleridge, Keats, Spenser, Dryden, Browning.
2. *Drama* : Marlowe, Shakespeare, Shaw.
3. *Novel* : Goldsmith, Austen, Dickens, Forster, modern short stories.

## B. LYRICS &amp; SONGS :—

1. Wordsworth : sonnets & shorter poems ; Keats : odes ; Shelley : lyrics & odes ; Shakespeare : sonnets ; Milton : lyrical poems.
2. Elizabethan songs.

## II. COMPREHENSION &amp; EXPRESSION

- A. PRACTICE :— Choice of words and their order ; punctuation ; thought sequence and paragraphing ; style ; summarising ; comprehension.
- B. SPEAKING & PRONUNCIATION.
- C. LANGUAGE :— Historical changes in spelling, vocabulary, pronunciation, meanings, style. The use of the dictionary.

## BOOKS :

(a) Those which all students should buy :—

Glasse : *The Groundwork of Criticism.*

(b) Those which students should buy if they can afford them :

Marlowe : *Dr. Faustus*

Goldsmiths : *The Vicar of Wakefield.*

Austen : *Pride & Prejudice.*

### COURSE II.

(a) *Poetry & poetic theory* : Blake, Coleridge, C. G. Rossetti, Hopkins, Hardy ; in greater detail, Wordsworth.

(b) *Practical Criticism.*

(c) *Drama* : Shakespeare, Shaw, Eliot.

(d) *Novel* : Smollet, Emily Bronte, Hardy ; in greater detail, George Eliot, Joyce.

(e) *Prose* : Selected writers, C19-20.

(f) *The Press* : The growth and influence of the newspapers.

(g) *Practice* : clear and logical writing ; comprehension ; interpretation. This will be tested in the examination.

(h) *Speech Training* and the use of the phonetic script.

### BOOKS :

(a) Those which all students should buy :

Peacock : *English Verse* (World's Classics)

Wordsworth : *Poetical Works* (Oxford Standard Authors)

Jones (ed.) : *Nineteenth Century Critical Essays* (World's Classics)

Shakespeare : *Antony & Cleopatra*

Shaw : *Man & Superman*

T. S. Eliot : *Murder in the Cathedral*

George Eliot : *Middlemarch* (World's Classics)

Joyce : *A Portrait of the Artist as a Young Man*

Wilson Harris : *The Daily Press.*

Wood : *Training in Thought and Expression.*

Harman : *The Sounds of English Speech for African Students*

(b) Those which students should buy if they can afford them :

Hardy : *The Woodlanders*

Hopkins : *Poems*, ed. Gardner

Kingsley Martin : *The Press the Public Wants*

Smollett : *Roderick Random*

Emily Brontë : *Wuthering Heights*

### COURSE III.

(a) *A Greek tragedy.*

(b) *Elizabethan Tragedy* : Norton & Sackville, Kyd, Marlowe.

- (c) *Shakespeare* : tragedies ; with background of biography, theatre, text.
- (d) *Chaucer* : three tales.
- (e) *Seventeenth Century Verse*.
- (f) *Milton*.
- (g) *Modern Verse*.
- (h) *Modern Novel*.
- (i) *Language* : development of child speech ; slang ; colloquial and written language ; style ; introduction to semantics.
- (j) *Speech training and phonetic theory*.

### BOOKS :

- (a) Those which all students should buy :—

Aristotle : *Poetics* (Everyman)

Chaucer : *Canterbury Tales* (World's Classics)

Greig : *Language at Work*

Grierson (ed.) : *Metaphysical Poetry : Donne to Butler*

McIlwraith : *Five Elizabethan Tragedies*

Milton : *Poetical Works* (Everyman)

Roberts (ed.) : *The Faber Book of Modern Verse*

Shakespeare : *Collected Works* (Oxford Standard Authors)

## GEOGRAPHY

### Course I.

(1) *Astronomical Geography*—The form and movements of the earth. The seasons.

(2) *An outline of World Geography*—The structure of relief features of the continents. Some aspects of oceanography. Insolation. The elements and factors of climate. The major

climatic regions, their soils and natural vegetation. Resources, Settlement and production of the major regions

(3) *Introduction to Geomorphology*—The chief processes at work affecting landscape and the classification of landforms. Landforms and man.

(4) *Practical Work*—The construction, properties and uses of the simpler map projections. Elementary exercises in surveying the construction and interpretation of simple topographic and other maps. The elements of map reading. The interpretation of simple climatic data.

Textbooks recommended are :

Finch and Trewartha : Elements of Geography.

Bygott : Mapwork and Practical Geography.

These textbooks should be retained by students proceeding to Course II.

### Course II.

(1) *Meteorology and Climatology*—Aspects of weather and climate treated in more detail than in Course I.

(2) *Cartography*—The principles of map projection and of surveying.

(3) *Regional Geography*—Aspects of the geography of Africa and of North America.

(4) *Practical Work*—Methods of surveying including field work. Drawing of map projections. Miscellaneous mapwork exercises.

Textbooks recommended are :

Brunt : Weather Study

Miller : Climatology

Steers : Map Projections

Suggate : Africa

Fitzgerald : Africa

Jones and Bryan : North America

Russell : North America.

### Course III.

(1) *Geomorphology*.

(2) *Human Geography*.

(3) *Regional Geography*—Aspects of the Geography of Europe and of Asia.

(4) *Economic Geography*—Taken as an alternative to Geomorphology in the case of B.Sc. students who also major in Geology, or by special permission as an alternative to the geography of Asia.

(5) *Practical Work*—Analysis of maps considered from the cartographical, geomorphological and land-use aspects.

Textbooks recommended are :—

Shackleton : Europe

Stamp : Asia

Cressey : Asia's Lands and Peoples

Febure : A Geographical Introduction to History

Lobeck : Geomorphology

King : South African Scenery

Jones and Darkenwald : Economic Geography.

#### *Honours Course in Geography.*

Candidates are required to undertake a course of reading in preparation for an examination that is in the form of six papers; three of which are on a special subject chosen by the candidate. The special subjects that may be selected are (1) Human Geography (including Social, Political and Historical Geography); (2) Geomorphology or (3) Economic Geography. The remaining three papers cover the whole field of geography to the exclusion of the special subject chosen by the candidate. Students who select Geomorphology as special subject must have completed a major course in Geology.

### HELLENISTIC GREEK

Two papers.

Paper 1. Language, Grammar, Syntax and Translation into English and Hellenistic Greek

Text Book. H. P. V. Nunn : Elements of N.T. Greek.

Paper 2. Prescribed passages from the N.T. the Didache and II Clement for translation, exegesis and introduction.

A preliminary course in Hellenistic Greek is usually advisable before entering upon this course.

### HISTORY

*History I.* One paper.

Outline of European History 476-1763.

Recommended Texts : Fisher : History of Europe

Rayner : European History 1648-1789.

*History II.* Two papers.

Paper 1 Europe 1763-1830

Paper 2 The Great Powers 1830-1920

Recommended Text: Grant and Temperley: Europe in 19th and 20th Centuries.

*History III.* Four papers.

Paper 1 English Constitutional History 1660-1911

Paper 2 British Colonial Policy

Paper 3 S.A. History 1652-1910

Paper 4 S.A. History—Documents.

Recommended Texts:

Keir: Constitutional History of Modern Britain

Walker: History of South Africa

Eybers: Select Constitutional Documents

Elton: Imperial Commonwealth

*Course I.*

(1) *Personal and Environmental Hygiene* including  
(a) Nutrition (b) Domestic and School Hygiene (c) Drinking water (d) Sanitation, Housing and Town Planning (e) Air and Climate (f) Disinfection and Disinfestation.

(2) (i) *Food Hygiene* including (a) Milk production and products (b) Meat Inspection (c) Other foodstuffs and (ii) *Food Production* including elementary principles of agriculture (plant, animal and soil).

(3) *Industrial Hygiene and Public Health Law.*

(4) *Elementary Pathology, Bacteriology and Parasitology.*

(5) *Vital Statistics.*

(6) *History of Personal and Environmental Hygiene.*

*Practical:*

(1) First Aid. Demonstrations of matters relating to personal hygiene and disease. Malnutrition and dietetics. School medical inspection and feeding.

(2) Visits to Cowsheds, Dairies, abattoirs (6 visits), food shops food processing plants and factories. Demonstrations of Communal catering and kitchen hygiene. Food and milk sampling.

(3) Agricultural methods and practical food production.

(4) Visits to (a) factories (b) Nuisances and Offensive trades (c) Sources of water and purification plants. (d) Refuse disposal and sewage works.

(5) Demonstrations of (a) Ventilation (b) Disinfection and Disinfestation (c) Use of Katathermometer and meteorological instruments.

(6) *Laboratory Work* : Chemical and Physical properties and analysis of food stuffs, milk, drinking water and sewage effluent.

(7) *Report Writing*.

### *Course II.*

1. *Control of Communicable Disease* including relevant sections of the Public Health Act and Regulations. Certain diseases to be studied with special reference to (a) epidemiology (b) recognition, salient signs and symptoms and collection of laboratory specimens (c) mode of transmission and prevention, effects Morbid Anatomy and histology.

2. *Pathology*—Nature of disease. Inflammation and Repair.

3. Advanced hygienics—(a) Sociological (b) Maternity and Child Welfare (c) Health Administration (d) Health Education.

4. Statistical Methods with special reference to epidemiology

5. Bacteriology, parasitology and entomology.

6. History of (a) bacteriology (b) development of social medicine with special reference to Britain during the last 150 years.

#### *Practical :*

1. Visits to Hospitals, Public Health departments, Health Centres, Infant Welfare Clinics, factory welfare and organizations concerned with social work. Demonstrations of pathological processes, their clinical effects on patients.

2. Laboratory techniques and practice ; Care of Microscope and laboratory animals. Preparation of media and apparatus. Systematic practical study of micro-organisms, helminths and arthropoda of P.H. importance. Collection of pathological material, examination and diagnosis, Bacteriology of soil, food, water and disinfectants. Testing of insecticides and antibiotics.

## LATIN

Courses I, II, III.

see Rhodes Calendar.

## LAW STUDIES

## CONSTITUTIONAL LAW

The fundamental principles of the British Constitution and the constitutional development of the colonies and dominions ;

A detailed study of S.A. Constitutional Law.

*Recommended textbooks* Consult head of department.

## NATIVE LAW

- (1) The history of recognition of Native Law and Custom.
- (2) The Native civil judicial system, and constitution of Native Courts.

(3) *Principles of Native law and customs.*

- (i) The law of Persons and Status
- (ii) The Native kraal and family system
- (iii) Native customary unions and lobolo
- (iv) Native civil and Christian marriages
- (v) The Native law of contracts
- (vi) The Native Law of Civil Wrongs
- (vii) The Native law of Inheritance and Succession
- (viii) General Native customs.

## (4) Brief outline of the administration of Native affairs.

*Reference Works.*

*Whitfield*—"South African Native Law (2nd ed). Juta

*Lewin*—"Studies in African Native Law" (African Bookman)

*Van Tromp*—"Xhosa Law of Persons" (Juta)

*Stafford*—"Native Law in Natal" (University of Wits)

*Schapera*—"Tswana Law and Custom" (O.U.P.)

*Rogers*—"Native Administration in South Africa"

The Natal Native Code.

## ROMAN-DUTCH LAW

Sources and History of the Roman-Dutch Law ; a detailed study of the law of Persons ; Elements of the Law of Property and Succession.

*Recommended Books.*

For Study—Lee : “ Introduction to Roman-Dutch Law ”

Wille : “ Principles of South African Law ”

Wessels : History of Roman-Dutch Law.

For Reference—Grotius : “ Inleiding ”

Wypkema : “ Die Invloed van Nederland ” enz ;

van Lunteren : “ Geschiedenis der Rechtsvorming ”  
(vde druk).

van der Heyden : “ Aantekeningen by de Geschiedenis van het oude Vaderlandscherecht ”

**CRIMINAL LAW**

A study of the general principles of South African Criminal Law and of the more important offences.

Pittman : “ Criminal Law ” (2nd ed.) Grocott & Sherry

Gardiner & Lensdown : “ S.A. Criminal Law (later ed.) Juta

Vol. I. (Chapters I to V)

Vol. II. (as recommended by lecturer).

*Together in Excellence*

**MATHEMATICS****COURSE I.***Algebra :*

Progressions and summation of series ; Permutations and Combinations ; Elementary probability ; Binomial Theorem for any index—statement and applications ; Elementary theory of equations involving the relations between roots and coefficients ; Elementary transformations ; Graphs of rational functions.

*Trigonometry :*

Ratios of compound and multiple angles ; Solution of triangles ; solution of equations ; Inverse circular functions ; Radian measure Limits and approximations.

*Pure Geometry :*

Similar triangles ; Theorems of Ptolemy, Ceva and Menelaus ; Simson's line, Apollonius' circle ; Cocurrence theorems on the triangle ; Harmonic section ; Pole and Polar ; Inversion ; Radical axis, co-axal and orthogonal circles : Solid geometry sufficient for work in solid co-ordinate geometry.

**Calculus :**

Differentiation of elementary functions ; Elementary integration including elementary integration by substitution and by parts ; Maxima and minima ; Areas bounded by plane curves ; Volumes of solids of revolution by integration.

*Coordinate Geometry :* The Straight Line and Circle.

**COURSE II.****Algebra :**

Determinants ; Matrices ; Theory of equations (Sturm, Descartes, Newton and Horner) ; Theory of the cubic.

**Trigonometry :**

*Complex numbers :* The Argand diagram ; de Moivre's theorem and applications.

**Geometry :**

Transformation of axes ; The geometry of the Parabola, Ellipses, Hyperbola ; Polar equation of the conic ; Coordinate geometry in Three dimensions of the plane, straight line, sphere and spheroid.

University of Fort Hare

*Together in Excellence*

**Calculus :**

Exponential, logarithmic and hyperbolic functions ; Successive Differentiation ; Leibniz' Theorem ; The Taylor and Maclaurin Expansion formulae ; Calculation of limiting values ; Elementary partial differentiation : Curvature ; Geometry of the catenary ; Integration ; Areas and volumes ; Approximate integration ; Differential equations of the first order and first degree, reduction formulae :

**COURSE III.****Algebra :**

Convergence ; series of complex terms ; functions with complex argument.

**Geometry :**

General equation of 2nd degree in two dimensions ; Oblique axes and invariants ; Surfaces of the 2nd degree ; the discriminating cubic.

**Calculus :**

More advanced work including Taylor and Maclaurin's expansions with one or more variables ; Remainder formulae

Riemann integral ; Double integrals ; Beta and Gamma functions  
The linear differential equation of 2nd order ; Equations of the  
first order not of the first degree ;  $p$  and  $c$  discriminants. ; con-  
tinuity and differentiability of functions of one variable.

Post-graduate course—see head of Department.

**BOOKS :**

**COURSE I.**

1. Modern Geometry by Godfrey and Siddons.
2. Tutorial Algebra by Briggs and Bryan.
3. Elementary Trigonometry by Bochart and Perrot.
4. Elementary Calculus by Bowman.
5. The Right line and Circle by Briggs and Bryan.

**COURSE II.**

1. Advanced Algebra by Durell.
2. Advanced Trigonometry by Durell and Robson.
3. Elementary Calculus by Bowman.
4. Coordinate Geometry by Grace and Rosenberg.
5. Analytical Geometry by Grieve.

*Together in Excellence*

**COURSE III.**

1. Coordinate Geometry or three Dimensions : Bell, or Grieve.
2. Differential Equations. Piaggio or Ince.
3. Calculus. Pure Mathematics . . Hardy.
4. Elements of Differential and Integral Calculus. . Granville, Smith, and Longley.
5. Other References . . see Course II and Library.

**NEDERLANDS EN AFRIKAANS**

See Rhodes University Calendar.

**PHILOSOPHY**

**COURSE I.**

An elementary introduction to Philosophy and more detailed treatment of—the nature of philosophical enquiry, Matter and its appearances, Spatial and Temporal Order, Life and Mind in the universe, Thought and Knowledge, Induction, Value, the philoso-

phical vocabulary, language. Stress will be laid on the elements of Logic.

Textbooks—*Plato Republic I-IV, Russell : Problems of Philosophy, or Hoernle ; Idealism, Stebbing ; A short introduction to Logic* The following books may be used *Joad : Guide to Philosophy, Burnet : Thales to Plato.*

### COURSE II.

1 *Logic.* Will deal principally with Terms, Definition, Propositions, Immediate and mediate Inference, Induction and its presuppositions, the Law of Causation, Mathematical reasoning, Scientific method, Abstraction and Generalisation, Character of Logical thinking, brief treatment of present-day logical theory.

Textbooks—*Chapman and Henle ; The Fundamentals of Logic Stebbing ; A modern introduction to Logic, Bosanquet, The Essentials of Logic, Joseph : Introduction to Logic 2 British Empiricism—Locke, Berkeley, Hume (with preliminary study of Bacon and Hobbes).* Texts in Scribner's Students Library and Everyman Series.

### COURSE III.

University of Fort Hare  
Together in Excellence

1—Kant ; Theory of Knowledge and Moral Doctrine.

Textbooks : *Critique of Pure Reason and Critique of Practical Reason.*

2—Same as in Philosophy II.

3—Special subject for 1953 (a) A detailed study of Locke's Essay, Bk. 2 and of selected portions of Bks. 3 and 4.

or (b) Scepticism (Greek origins, sceptical trends from the Renaissance onwards with special study of Pragmatism and, its derivatives especially refer to William James, Dewey, Ayer).

### PHYSICS

#### Course I.

Elementary mechanics & hydrostatics without the use of calculus. Surface tension of liquids ; Young's modulus ; Hooke's law.

Thermometers of various types. Expansion. Elementary Kinetic theory of gases. Nature of heat. Latent heats and vapour pressure. Conduction, convection and radiation.

Photometry. Reflection, refraction, dispersion.

General characteristics of sound. Transverse & longitudinal waves. Resonance and forced vibration. Doppler principle.

Elementary treatment of magnetostatics and electrostatics. Earth's magnetic elements. Ohm's law, Wheatstone's principle potentiometer (straight wire.) Magnetic effects of electric current. Electrolysis. Primary & secondary cells. Descriptive account of electromagnetic induction & alternating currents.

Practical work on the course outlined.

Text-books : Intermediate Physics by R. A. Housetoun.  
Electricity and magnetism by Starling.  
Heat by R. G. Mitton.

### Courses II & III.

See Rhodes University Calendar.

### Course I.

Lectures to cover the following aspects of the subject :

Structure and Physico-chemical basic of physiological processes. Nature and properties of the contractile tissues, the central nervous system, the autonomic nervous system.

The physiology of sensation. The chemistry of the body and the nature of foods, dietetics and nutrition. The digestive system the excretory system. Chemical, physical and histological aspects of the blood, lymph and other body fluids. The heart and circulation, respiration. Endocrinology and reproduction.

Practical Work.

1. Histology of the tissues and organs of the human body.
2. Experimental physiology
  - a. Animal. Investigation of the properties of muscle and nerve of frog Observations on the properties of the frog heart Observations on the properties of smooth muscle.
  - b. Human. Investigation of the properties and constituents of blood.  
Investigation of the circulatory and respiratory systems.  
Investigation of the nature of the sensations and reflexes.
3. Physiological chemistry.

Chemical investigation of the elements contained in physiological compounds. Investigation of the properties of the digestive juices and the nature of enzyme action. Investigation of the blood. Investigation of urine.

*Course II.*

Lectures to cover the work of the first course in greater detail with special reference to the integration of the physiological functions and to certain selected fields.

## Practical work.

## 1. Experimental physiology

a. Animal. Investigation of the mammalian circulatory, respiratory excretory and nervous systems.

b. Human. The work of the first course in greater detail with emphasis on technical precision.

## 2. Physiological chemistry.

Quantitative examination of blood and urine. Conduct and observation of nutritional experiments.

## POLITICS

*Course I. (normally taken in second year).*

1—Scope of politics and its relation to Ethics, Sociology, Economics and History. Outline history of political ideas with special reference to Plato, Aristotle, Hobbes, Locke, Rousseau, Bentham, Mill, Hegel and Marx.

2—Institutions of Government—Concepts of sovereignty, types of Constitution, the theory, constitutional machinery and practice of the democratic state.

Text-books—Sabine : History of Political Theory

Joad : A guide to the Philosophy of Morals and Politics

Strong : Modern Political Constitutions

Weldon : States and Morals

*Course II.*

1—History of political ideas including a critical study of the following works—

Aristotle : Politics

Rousseau : The Social Contract

J. S. Mill : On Liberty

Marx and Engels : The Manifesto of the Communist Party

2—Comparative study of political theory and practice in the British Commonwealth and U.S.A.

3—The institutions of international cooperation The Hague Court, League of Nations, International Labour Office, United Nations Organisation

- Books—Carritt : *Morals and Politics*  
 Bosanquet : *Philosophical Theory of the State*  
 Plamenatz : *The English Utilitarians*
- or
- Halevy : *The Growth of Philosophic Radicalism*  
 Barker : *Reflections on Government*  
 Ogg : *European Governments*  
 Brady : *Democracy in the Dominions*  
 Brogan : *The American Political System*  
 Evatt : *United Nations*

## PSYCHOLOGY

### Course I.

Three lectures a week and 2 hours practical per week.

Examination consists of one written paper, 3 hours.

#### (a) Introduction to General Psychology :—

Origin and scope of Psychology : Methods. Sense organs, effector organs, nervous system.

Heredity, environment, maturation as factors in psychological development.

Innate modes of reaction (tropisms, reflexes, instincts).

Conditioning and Behaviourism. Theories of motivation : instincts needs, drives, emotion sentiments and formation of character : will : measurements of personality traits.

Cognition, basic processes : perception ; learning, habit, formation, memory, economy in learning ; attending.

Ability, intelligence, aptitude : nature and measurement.

#### (b) Experimental work on topics related to above.

Text-book : Munn, N. L. : *Psychology*.

### Course II.

Five lectures and 3 hours practical per week.

Examination consists of two written papers.

A. General Psychology. B. Vocational Psychology. C. Development Psychology. D. Social Psychology. E. Abnormal Psychology. F. Statistics and Experimental Work. G. Experimental Work.

Textbooks : Munn, N. L. : *Psychology*

Bingham : *Aptitudes & Aptitude Testing*.

Munn, N. L. : *Psychological Development*.

- Young, K. : Personality & Problems of Adjustment.
- Fisher, V. E. : Introduction to Abnormal Psychology.
- Milton Smith, G. : Simplified Guide to Statistics.

### Course III.

Five lectures and 6 hours practical per week.

Examination consists of three written papers.

- a. General Psychology. b. Development Psychology. c. Social Psychology. d. Abnormal Psychology. e. Applied Psychology either (1) Clinical Psychology or (2) Industrial Psychology. f. Statistics. g. Experimental work.

#### Textbooks :

- a. Munn, N. L. : Psychology
- b. Munn, N. L. : Psychological Development.
- a. Woordorth : Contemporary Schools of Psychology (revised edition).
- c. Young, K. : Handbook of Social Psychology or Social Psychology (2nd edition).
- d. Fisher, V. E. : Introduction to Abnormal Psychology.
- e. (1) Rogers, C. R. : The Clinical treatment of the Problem Child.  
(2) Tiffin : Industrial Psychology.
- f. Milton Smith : Simplified guide to Statistics.

## PUBLIC ADMINISTRATION

### COURSE I.

Paper 1. *General Principles of Public Administration.*

- (a) Organisation and functions of administrative bodies. Government departments, their structure and functions; inter-departmental relations; co-ordinating functions of the cabinet. Powers of the legislature and judiciary over the administration. Main features of administration in South Africa.
- (b) Administrative aspects of public finance. State revenue and expenditure. Departmental estimates and the budget.

Control of expenditure, taxation and borrowing. Functions of the Controller and Auditor-General. Financial relations between central, provincial and local government.

Paper 2. *Native Administration in South Africa.*

1. *Evolution of Policy.* Outline of the main trends in the development of legislative and administrative policies in the various territories of South Africa.
2. *Administrative system.*
  - (a) *General.* Organisation, functions and powers of the Native Affairs Department ; the Native Affairs Commission; powers and duties of Native Commissioners, Chiefs and other political officers ; systems of local government and the Native Representative Council ; representation of Natives in legislative bodies ; legislation by proclamation and regulation Native taxation and the South African Native Trust.
  - (b) *Urban.* An outline of the law and the problems relating to Urban Native Administration.
3. *Legal System.* The recognition and application of Native Law as provided for under Act 38 of 1927 ; problems of codification ; the application of European Law and justice to Natives and problems arising therefrom.
4. *Native Land Systems.* Policy and Development of the reserve system ; acquisition of land, systems of land tenure and the South African Native Trust ; regulation of squatting and labour tenancy ; Native land rights and restrictions in urban areas.
5. *Employment of Natives.* Laws affecting employment of Natives in industry and agriculture ; wage-fixing and colour bar legislation, its purpose and effect on Natives in industry.
6. *Social Services.* Aims, organisation and financing of Native Education ; services in respect of Native housing, health and social welfare ; improvement of stock and rehabilitation of land ; treatment of criminal offences, with special reference to legislation differentially affecting Natives.

COURSE II.

Paper 1. *General principles of Administrative Law.*

The nature and scope of administrative law, the rule of law and *le droit administratif*. The separation of powers and the relation between the different branches of government. The

legislative powers of the administration and the problem of parliamentary control. The judicial powers of the administration and the problem of safeguarding the functions of the judiciary. Extra-departmental statutory bodies, their powers and functions, in relation to the sovereignty of parliament.

**Paper 2. *Comparative Study of Colonial Administration* (with special reference to the African Continent).**

Theory and application of indirect rule, assimilation and association ; problems and contrasts arising from settlement and non-settlement of Europeans ; use of indigenous political institutions ; different methods of exploiting natural resources of Africa and their influence upon colonial policy. Policies in relation to land, labour, provision of capital, and general economic development ; taxation ; education and administration of urban communities. Comparison of the aims of colonial development and the evolution of colonial constitutions. Relations between the metropolitan and colonial governments. International obligations, trusteeship agreements and the United Nations.

University of Fort Hare  
Together in Excellence

**Paper 3. EITHER**

(a) *The Civil Service.*

Problems connected with the recruitment, appointment, promotion and retirement of members of the civil service, with special reference to efficiency and initiative ; prevention of nepotism and interference by political parties ; relations between the civil servant and the public ; dangers of bureaucracy. Training for civil servants.

OR

(b) Detailed study of some aspects of Native Administration in South Africa to be prescribed from year to year from the following :—

- (a) Native Administration in urban areas : 1952.
- (b) Native Administration in the Reserves : 1953.
- (c) Native Labour in Industry and Agriculture : 1954.
- (d) Native Representative and Local Government Institutions : 1955.

# Constitution for the Students' Representative Council

## Preamble.

Under the Constitution of the College, the superintendence and regulation of the instruction and discipline of the College, in the several departments of the College, is vested in the Senate. (Chap. VI of the Constitution.)

The Students' Representative Council, acting under the Constitution given below, which has been approved by the Senate and confirmed by the Governing Council, is a suitable body to be consulted on matters affecting the students, and to assist the Senate in carrying out its regulative and disciplinary duties.

## I. Name.

The name of the body hereinafter referred to as the Council is, and shall be, the **SOUTH AFRICAN NATIVE COLLEGE STUDENTS' REPRESENTATIVE COUNCIL.**

## II. Powers and Duties.

Subject to the powers reserved to the Senate, as laid down in the constitution of the College, the Council shall be empowered and required :

- (a) To represent student opinion to the Senate on any matters delegated to it by the student body, and to negotiate with the Senate on any issues especially affecting the life of the students of the College.
- (b) To make recommendations to the Senate on the following matters :
  - (i) The control of recognised Students' Societies and Clubs.
  - (ii) The recognition of Students' Societies and Clubs.
  - (iii) The granting of permission for special student activities and performances inside and outside the College.
- (c) To exercise regulative powers over Students' Societies and Clubs, and to act as a first court of appeal whenever irregularities arise in such Societies and Clubs, the Senate being the final court of appeal.
- (d) To enquire into, and to deal with in approved ways, as laid down in the First Schedule attached to this Constitution, or to report to the Discipline Committee of the Senate,

breaches of discipline committed by students. The person or persons concerned shall have the right of appeal to the Senate.

This power shall not be construed as derogating in any way from the existing right of the Discipline Committee or of the Senate to deal directly with cases which come to its notice.

- (e) In co-operation with the Publications Committee of the Senate, to be responsible for the College Magazine and other students' publications.
- (f) In conjunction with the Boarding Master, to be responsible for orderly conduct in the Dining Hall.
- (g) To control the expenditure of the *per capita* allowance made by the Governing Council for the running of Students' Societies. All payments made on behalf of the Council, either by cash or by cheque, shall be executed and signed by the Treasurer, the Secretary and the President.
- (h) To receive and forward to the Registrar, for the Senate's approval, the constitutions of Societies and Clubs seeking recognition. One copy of each constitution, as finally approved, shall be kept on the files of the Council, and one copy shall be sent to the Registrar.
- (i) To receive, through the Secretary of the Council, Minute Books of all Societies and Clubs at the end of each academic year. The Secretary shall then deposit these Minute Books with the Registrar for safe-keeping during the vacation, and shall receive a receipt for them.
- (j) To organise all students' functions, in which connection the Council shall appoint an Entertainments Committee, which shall not necessarily consist only of members of the Council, for any or for all of the functions, to act in accordance with the powers and duties that may be conferred on it.
- (k) Subject to time and place being approved by the Principal, to convene general meetings of students at least once a term, or upon the receipt by the Council of a requisition signed by not fewer than 20% of the students, or, if requested in writing, by not fewer than four members of the Council, a meeting may be held.

### III. Membership and Elections.

- (a) The Council shall consist of TEN members, SIX of whom shall be elected by the student body at a general meeting of students called for the purpose. The remaining

FOUR vacancies shall be filled by representatives from the different Hostels, ONE from each Hostel. Members shall be elected for one academic year.

- (b) Elections of members of the Council shall take place on the first Friday of the academic year.
- (c) All students, except those of less than one session's standing in the College, shall be entitled to vote, and shall be eligible for any office.
- (d) A Returning Officer, assisted by scrutineers, all appointed by the Senate, shall conduct the elections of the members of the Council for the year, except in the case of a Hostel election, where the Warden shall act as Returning Officer.
- (e) The method of voting shall be by secret ballot as indicated hereunder :
- (i) Voting papers shall be issued to all students entitled to vote.
- (ii) Each voter shall write in BLOCK CAPITALS the names of the SIX candidates he/she wishes to represent him/her, in order of preference. Voting papers with less than SIX names shall be regarded as "spoilt papers." Each name shall count as one vote.
- (iii) The returns from the first ballot shall be scrutinised by the Returning Officer and his assistants, and only those candidates who secure a sufficient number of votes, determined for each election on the principle illustrated in the Specimen Procedure given below, shall be regarded as nominated candidates for the second ballot.

#### *Specimen Procedure :*

- (1) The Returning Officer and his assistants shall count the number of ballot papers returned, and any candidate receiving a number of votes in excess of half the number of ballot papers shall be declared elected.
- (2) The names of other students who have received votes will be arranged in order of the number of votes received, and the list so prepared will be examined by the Returning Officer and his assistants who shall add all votes from the bottom of the list upwards until a point is reached at which this total, plus the number of votes recorded for the student next above that point on the list would exceed half the number of ballot papers returned. Names below this

- point shall then be discarded, and the names above it be printed on the board as having been nominated for the second ballot.
- (3) This procedure shall be continued until the number of votes cast for each of six candidates shall exceed half the number of ballot papers returned.
- (4) At a Hostel election, for ONE candidate, each voter shall have ONE vote, and each vote shall count 1. The procedure shall, otherwise, follow the same principle as for the general election.
- (f) The Officers of the Council shall be elected by the Council, from among its members, not later than the first Friday following the completion of the elections for membership, and shall consist of a President, a Vice-President, a Secretary and a Treasurer. The procedure for each office shall be as for a Hostel election, under a returning officer appointed by the Senate.
- (g) Should a vacancy, or vacancies, occur in the Council, the vacancy, or vacancies, shall be filled by the constituency whose representative, or representatives, have ceased to be members of the Council. The method of election shall be as laid down above, except that for such elections no vote shall count more than 1.
- (h) The members of the Council, and all committee members, censors, etc., appointed during its tenure of office, who return to College at the beginning of the following year, shall continue in office until replaced by new elections and appointments. When no Executive Officers of the Council, or of a committee are returning, the Council shall arrange for the appointment of temporary officers to hold office until replaced by the new elections.
- (i) The Council may, by a two-thirds majority, decide that one of its members has been guilty of a misdemeanour, and suspend him from office until his case has been referred, for re-election or replacement, to his/her electorate. Such re-election or replacement shall be by secret ballot, as provided for filling a vacancy on the Council.

#### IV. Meetings of the Council, and duties of its Officers.

- (a) The Council shall meet at least once in each calendar month of the academic year and on such other occasions as a majority of the Council (or "of the Executive, defined in Clause V. (a)") shall determine.

- (b) At meetings of the Council 5 members shall constitute a quorum, provided every member has been given due notice of the meeting.
- (c) The Secretary shall summon all meetings of the Council, and shall send, in the case of each meeting, except as hereinafter provided, a notice of such meeting, together with a copy of the agenda, to each member not later than 24 hours before the time fixed for such meeting. Emergency meetings (i.e. meetings in respect of which the above period of notice may be dispensed with) may be called with the consent of seven members of the Council, or with the permission of the Principal, provided that notice of such meeting is given to all available members of the Council before the meeting is held.
- (d) The President shall normally take the chair at all meetings convened by the authority of the Council. In his absence the Vice-President shall take the chair, and in the absence of both these officers, the chair shall be taken by a student appointed by Council.
- (e) At all meetings of the Council, or of its Executive Committee (V.a.) and at all meetings convened under the authority of the Council, the Chairman shall have, in addition to his ordinary or deliberative vote, a casting vote in the event of an equality of votes.
- (f) The Secretary shall keep, and have charge of, all the Council's records, and shall conduct its correspondence. He/she shall keep minutes of all meetings of the Council, of its Executive Committee, and of all general meetings of students.
- (g) The Secretary shall be responsible for posting, on the official notice boards, all notices required under the Constitution of the Council, or by any regulation made by the Council in accordance with its Constitution.
- (h) The Treasurer shall keep an account of all expenditure incurred by the Council. At the end of each session he shall draw up a statement of receipts and expenditure, and have his/her books audited by an auditor appointed by the Senate. The audited statement shall then be presented to the Secretary of the Senate.
- (i) Estimates for each session shall be submitted to the auditor who shall have power to refer them back to the Council if

- (i) They do not conform to the purposes for which the grant has been made by the Governing Council ;
  - (ii) They exceed the value of that grant.
- (j) At the beginning of each session the Secretary shall obtain, from the secretaries of Societies and Clubs, programmes of society meetings and functions planned for the session and shall submit a general programme for the session to the Secretary of the Senate.

#### **V. The Executive Committee of the Council.**

- (a) The Officers elected under Clause III. (f) of this Constitution shall form an Executive Committee of the Council.
- (b) The Executive shall deal, on behalf of the Council, with matters referred to it by the Council.

#### **VI. Societies and Clubs.**

- (a) The elections of all Officers and Committees of Societies shall take place before the end of the first week in March of each year. The Council shall appoint Returning Officers for these elections.
- (b) Only those students who have signed the membership lists of a Society or Club, and shall be of at least one session's standing in the College, shall be entitled to vote in the election of the Officers and Committee Members of that Society or Club. Signing the membership list shall be regarded as an undertaking to partake in the activities of that Society or Club, and to accept its discipline.
- (c) The members of all committees shall be elected to office for one academic year.
- (d) The information required by the Secretary of the Council and by its Treasurer to enable them to comply with the requirements of Clauses IV. (h) (i) (1), of this Constitution shall be sent to the Council at the beginning of each session.
- (e) At the beginning of each year each Student Society shall invite a member of staff to be President of the Society for the year, and upon receiving his/her consent shall request the Council to recommend his/her name to the Senate for appointment as President.

#### **VII. The Athletic Union.**

- (a) The Athletic Union Committee shall consist of ONE representative of EACH of the recognised sporting clubs, TWO representatives of the Council and TWO members of Staff, appointed by the Senate.

- (b) The officials of the Athletic Union shall consist of a Chairman, and a Secretary, who shall be elected at the meeting of the Athletic Union Committee, convened by a Returning Officer appointed by the Council, and of a Treasurer, appointed by the Senate.
- (c) The Committee of each Club shall act as a court of first instance for cases arising out of its activities. An appeal will lie to the Athletic Union Committee, with a final right of appeal to the Senate.
- (d) The Athletic Union Committee shall control the *per capita* grant for sports, which shall be expended through its Treasurer.
- (e) The Secretary of the Athletic Union Committee shall receive from the committee of each sporting club an estimate of its expenditure for the year, and its fixture list, in time for these to be discussed by the Athletic Union Committee before the end of March.

### VIII. Amendments to this Constitution.

Proposed amendments or additions to this Constitution may be submitted to the Senate for approval. Provided such proposals are supported by a two-thirds majority of authorised voters present at a general meeting called for the purpose. Notice of a general meeting called for this purpose, with a statement of the amendment proposed, must be posted on the official notice board, by the Secretary of the Council, at least fourteen days (14 days) before the date fixed for the meeting.

#### *First Schedule.*

As provided under Clause II. (d) of the Constitution, the Council may impose penalties as specified below :

- (a) Gating.
- (b) Suspension from participation in College Students' functions, such as dances, concerts, etc.
- (c) Fines not exceeding 5/-.

### STUDENT SOCIETIES AND CLUBS

#### Minute 2563 of 7.11.49 of Senate.

##### *A. Procedure for Recognition of a Student Society.*

1. Permission for the existence of every Society or Club must be obtained from the Senate.
2. Permission to convene a meeting of students interested in the possible formation of a particular society or club must be obtained from the Principal.

3. The S.R.C. shall make recommendations to the Senate on the recognition of Students Societies and Clubs (Para II (b) of S.R.C. Constitution).
4. The S.R.C. shall receive and forward to the Registrar, for the Senate's approval, the constitutions of Societies and Clubs seeking recognition. One copy of each constitution, as finally approved, shall be kept on the files of the Council and one copy shall be sent to the Registrar. (para II(h) of S.R.C. Constitution).
5. If a Society requesting recognition is affiliated to an outside association, the S.R.C. is requested to provide the Senate with the constitution, aims and objects of the parent association.
6. The S.R.C. is requested to make a firm recommendation in the matter of the recognition by the Senate of student societies ; this, if necessary, to take the form of majority and minority reports.

#### *B. Principles.*

The Senate recognizes that liberty of opinion and freedom of discussion are essential in a University institution and that students have the right to discussion on an academic level in the various student societies of economic, social, political, religious and other problems and theories.

The Senate, in order to safeguard the interests of the College as an educational institution resolves :—

1. That the facilities of the College shall not be used for gatherings the purpose of which it to translate discussion into action subversive to the interests of Fort Hare.
2. That controversial issues be barred as a matter of comment at College Social functions.
3. That the Committees of the different student societies and especially the presidents and chairman are required to see to it that the discussion at their meetings is conducted on an academic level.
4. That any attempt on the part of an individual, group of individuals or a society to use force, threats of force or other forms of improper pressure to impose its point of view concerning any of these problems on any other student or society shall be considered as an offence.

# Report of the Governing Council

FOR THE YEAR ENDING 31ST DECEMBER, 1952.

The Hon. the Minister for Education, Arts and Science,  
Sir,

We have the honour to present the report of the Council of the University College of Fort Hare for the year ending 31st December 1952.

## 1. *Membership of the Council.*

Apart from the normal changes in the representatives of the Senate there have been no resignations from the Council during the year under review.

## 2. *Staff.*

It is with deep regret that we record the death of Professor Alice Lyle, M.Sc., which occurred on the 29th of October. As Miss Lyle she had been appointed to the post of Lecturer in charge of the combined Department of Botany and Zoology at this College in January 1930, and served the College in that dual role until July 1934 when separate Departments of Botany and Zoology were created. Miss Lyle continued as Lecturer in charge of the Department of Zoology to the end of that year, when she left to take up an appointment as Lecturer in Zoology at Rhodes University College, where, during the next fourteen years she built up a very fine reputation as a teacher of Zoology. She returned to this College as Professor of Zoology, in succession to Professor A. J. D. Meiring, at the beginning of 1952, and we were hoping that she would be with us for a number of years. Her death has deprived us of a greathearted, devoted and able member of the College staff, leaving us with memories that will be cherished by all who knew her.

Professor H. J. Rousseau, M.A., D.Litt., D.Ed., resigned from his appointment as Professor of Education at the end of the year. He had been granted unpaid leave for 1952 to enable him to accept an invitation sent to him by UNESCO to take up an important educational appointment, under that organisation, in Iraq. As his year of work there drew to its close, he was earnestly entreated to continue in that service, and after careful consideration he decided that he should accept that invitation and asked that his resignation from this appointment here be accepted.

Professor Z. K. Matthews was granted leave to enable him to accept an invitation to take up a special appointment at the Union Theological Seminary in New York, offered annually to a selected candidate from some country other than the United States of America. He is still in America, with Mrs. Matthews, and will return to duty here in the second session of 1953. Arrangements for the conduct of his classes were made by appointing Mr. E. J. Murphy, M.A., to a temporary post for the period of Professor Matthews' absence and by the willingness of other members of staff, Messrs. Ntloko, Ngcobo and Professor Chapman to take over parts of Professor Matthews' normal programme of work. Mrs. Murphy has given valuable service in the part-time library post usually occupied by Mrs. Matthews. We are grateful for the work these persons have done.

Professor D. D. Stuart had been granted leave for the period January 1st to June 30th. During his absence Miss G. M. H. Darroll acted as Head of the Department of English, with Miss F. G. de Wet, M.A. (U.C.T.) who was waiting until the second session of our academic year to take up a scholarship to Oxford, as temporary Lecturer in English.

Mr. M. O. M. Seboni and Mr. B. M. Burgess were both away on special study leave at the University of Cape Town during the whole of 1952. Mr. Mzamane acted as Head of the Department of Bantu Languages and Mr. S. M. Guma, B.A. (S.A.) and now M.A. (U.C.T.) and Mr. P. Mokoena, B.Sc. (S.A.) accepted temporary appointments to fill the vacancies created by these absences on leave.

Mrs. Rodger served as temporary Lecturer in the Department of Education during Professor Rousseau's absence on leave.

The temporary assistants whom we were able to appoint in these various departments served the College and its students very well, and to them, and to those members of the permanent staff who had to carry additional burdens and additional responsibility during the past year, the Council wishes to express its thanks.

New members of staff who took up their appointments at the beginning of the year were, Rev. A. G. Rooks, Cand. Theol. (Berlin), M.Div. (S.A.), D.D. (S.A.), as Senior Lecturer in Divinity, Mr. S. B. Ngcobo, B.A. (S.A.), M.A. (Yale), B.Econ. (Hons) (Natal) as Senior Lecturer in the new Department of Economics, Miss E. G. Semple, M.Sc. as Lecturer in Bacteriology and Mr. D. Williams, B.A. (Hons) (Rand) as Lecturer in History.

7. *Roll and Accommodations* :— The average number of students in residence was 380 ; there were in addition 13 oppidans, residing in their own homes or with near relatives.

8. *Finance.* Our accounts for the year ended 31st December 1952 reflect a net loss of £2754 14s. 10d. These figures include a loss on Hostel Account (represented by the Dining Hall and Women's Hostel) of £2177 15s. 6d. and a surplus on farm account of £388 17s. 0d.

Suitable provision has been made for depreciation of capital equipment loan redemption and doubtful debts.

In 1951 the loss on the Dining Hall and Women's Hostel amounted to £1260 7s. 2d., and farming operations reflected a profit of £354 17s. 6d. The net loss on General Accounts was £2184 4s. 6.

Our Capital Account at the end of 1951 amounted to £144,210 13s. 6d. At the end of the previous year those figures were £143,144 9s. 9d.

Buildings and land (excluding Men's Hostels) stand in the books at £165,776 1s. 7d. (£6640 15s. 3d. added during year for cost of Jabavu Secondary School) which includes Farm Buildings and Improvements valued at £3,924 18s. 3d. For insurance purposes College Buildings are valued at £219,040, (£6300 added for Jabavu Secondary School) Farm Buildings £3,442 and Equipment, Furniture etc., at £40,625.

*General.*

This year will be remembered as the year in which the status reached by the College was recognised in name, as well as in fact, as that of a University College. The publication in the Gazette

of October 3rd 1952 of the name of the College as University College of Fort Hare has been greatly appreciated.

The new wing at Wesley House was completed and occupied early in the new year, and it is this addition which accounts for the increase in our enrolment in 1952.

Mr. G. S. Bundy, M.A., B.Ed., the new Principal of the Jabavu Secondary School, took up his appointment at the beginning of April. He and his staff have co-operated smoothly and cordially with the staff of our Department of Education in the practical teacher training given, throughout the year, to our University Education Diploma students. We record our appreciation of their valuable services in this direction. The new school building was taken over for use by the school in November.

The Medical work done by qualified members of the staff has been continued through the year. Dr. Rolfe has run a daily clinic for students, needing medical attention, Professor Taylor has continued with routine examinations of the physical condition of students, and Professor Luck has tested a large number of students eyes, and has supervised corrective exercises for defects amenable to such treatment. It is hoped that this work on eyes will be taken over by Mrs. de Villiers, who has been working with Professor Luck. Great improvements have been made in the lighting provided in rooms used for evening study, and this will be extended as alternating current is supplied to other buildings.

Examination results had not been as good as had been expected though some of our students have done very well indeed. A tendency to 'think with the blood' is perhaps a natural human weakness, especially in times of national stress, but it is highly desirable that students, during their few years at College, should regard themselves as young men and young women who have retired for a season to a quiet place to prepare themselves by calm objective study and thought for the many years of life that lie before them.

We wish to thank all those who have given another year of faithful work to the service of the College.

We have the honour to be,

Sir,

Your obedient servants,

R. H. W. SHEPHERD, *Chairman.*

CLIFFORD P. DENT, *Principal.*

# FORT HARE HANDBOOK

## General Information for Students Applying for the First Time.

### SCOPE AND OBJECT

The College is designed to provide University education for African, Coloured and Indian students, both men and women. Preference in regard to admission is given to fully qualified African students.

### SITUATION

The College is situated at Fort Hare, a mile from the railway station of Alice, in the division of Victoria East, Cape Province. Alice is reached by rail either via Blaney or Cookhouse.

### COLLEGE YEAR

The College year is divided into two sessions of two terms each. The dates for the beginning and end of the sessions are as follows :—

**First Session**—Friday February 19 to June 17.

**Second Session**—Friday July 16 to the end of the November examinations.

All students must make arrangements to stay away from College during the summer vacation. During the winter vacation men students from distant areas may apply for permission to remain in the College at a charge of £1 5s. per week or portion of a week, subject to alteration without further notice.

### ADMISSION OF STUDENTS

1. Candidates for admission must
  - (a) apply to the Registrar not earlier than October in any year for the necessary Application for Admission Form which includes a section for those requiring Bursaries.
  - (b) complete it, including the certificate of character and attainment which must be signed by the Principal of the school last attended by the applicant ;

- (c) forward it without delay to the Registrar together with a deposit of £3 which will be refunded if the candidate is not accepted. In the event of an applicant being accepted and enrolling at College, this deposit will be credited to his fee account. In the event of an applicant being accepted, but intimating to the Registrar before 9th February that he will not enrol at College, the deposit will be refunded; if intimation is not made before 9th February, the deposit will not be refunded.
2. The usual time for enrolling is at the beginning of the College year in February. Only in exceptional circumstances will students be admitted after classes have been arranged.
  3. Students of the Anglican, Methodist and Presbyterian denominations will be assigned to their respective hostels. Students of other denominations may, in their application, state in which hostel they wish to reside, but final allocation to a hostel will be made by the Warden's Committee, preference, in so far as available accommodation allows, being given to the choice of the parent of the student. No student will be allowed to change his hostel while at College.  
 There is a College Hostel for Women, Elukhanyisweni, which accommodates 50 students of various denominations. All students must be in residence in one of the Hostels unless special permission has been obtained. Permission to arrange board and lodging elsewhere is normally only granted to students who can live with their parents or near relations.
  4. Students, on production of a certificate signed by the Registrar, are allowed to travel by rail and railway bus from the station nearest to their home under certain conditions at reduced fares. When making application students should notify the Registrar of the name of the Railway Station nearest to their home (and, if necessary, the name of the bus station) and also the class by which they wish to travel. These Railway concession tickets are only available for the journey from the home station to Alice and back. They must not be used by any other person except the one named on the certificate, nor can they be used for broken journeys. A place should be booked on the train immediately on receipt of the concession certificate to enable the student to reach College by the day on which the term opens.

## ENTRANCE QUALIFICATION

**No Student can be admitted to degree courses without the approval of the S.A. Joint Matriculation Board.**

This approval is indicated in the official lists of successful candidates for the various examinations as follows :

(a) Joint Matriculation Board Certificate—by a capital M. in brackets prefixed to the candidates' name thus:— (M)

(b) The Cape Senior Certificate ; the Transvaal Secondary School Certificate ; the Orange Free State School Leaving Certificate :— by an asterisk in brackets prefixed to the candidate's name thus :— (\*)

Students who have such qualifications as the London Matriculation and the Cambridge School Certificate are not thereby automatically exempted from Matriculation in South Africa, but must themselves take the necessary steps to obtain such exemption from the Joint Matriculation Board, P.O. Box 392, Pretoria, before being admitted to degree courses.

University of Fort Hare  
Together in Excellence

If a student who has failed to qualify for full Matriculation applies to the Joint Matriculation Board and is granted "conditional" exemption to begin degree courses, it is the responsibility of that student (and not of the College) to see that the condition specified is carried out. The College cannot be responsible for any financial or academic loss incurred by a student who finds out after arrival at the College that he or she is not properly qualified for admission to degree courses.

Conditional exemption is usually granted for **ONE YEAR ONLY. NO CREDIT IS GRANTED FOR UNIVERSITY PASSES** in that year **UNLESS THE CANDIDATE QUALIFIES FOR FULL EXEMPTION BEFORE MARCH 31st OF THE FOLLOWING YEAR.**

In special circumstances a student who is over 25 years of age may be granted conditional exemption from matriculation, the condition usually being the completion of an approved degree course. Further particulars may be obtained from the Registrar.

**N.B.** Every new student must present his Matriculation Certificate or equivalent at the Registrar's Office before the 30th of May, otherwise a late fee of £1 may be required.

Students who have obtained the Senior Certificate but have not obtained exemption from Matriculation may apply for admission to the Agricultural Course.

The University College of Fort Hare is now affiliated to Rhodes University and is preparing its students for the degrees of that University. It no longer prepares for the degree of the University of South Africa. Under the statutes governing the award of Rhodes University degrees, these degrees can only be awarded to students who have spent 3 years in attendance at approved classes as internal students. One of these years may, however, be spent in attendance at classes leading to the U.E.D. or to an Honours degree. Students who have taken the equivalent of a first year course as external students of the University of South Africa, may therefore qualify for a Rhodes Bachelor's degree plus a diploma or Honours degree in 3 years; but NO DEGREE can be conferred on any student who has not been a registered internal student for at least 3 years. A maximum of one year's attendance, however, as an internal student of a University other than Fort Hare, such as Natal, Cape Town or Witswatersrand may be credited towards this 3 years' requirement.

**COLLEGE REGULATIONS**

### Assemblies.

(a) All students are required to attend at Morning Assembly at 8.40 a.m. in the C.U. Hall on weekdays.

(b) All students are expected to attend Hostel Prayers at 7.0 p.m. on weekdays, Hostel Services at 9.0 a.m. on Sundays and Evening Service in the C.U. Hall at 7.15 p.m. on Sundays

### Admission.

All students must report to the Warden of the Hostel to which they are assigned immediately on arrival and before taking their rooms in the Hostel. The College Roll must be signed in the Registrar's Office, Stewart Hall, as soon after arrival as practicable. No student is reckoned a member of the College till this has been done.

### Bounds.

Fort Hare, the town of Alice, and Lovedale are within College bounds. All other places are out of bounds, and permission must be sought from the Wardens to visit such places.

No student is permitted outside Fort Hare after 8.0 p.m. and permission to visit the town of Alice or Lovedale after that hour must be obtained from the Wardens. No student is allowed outside his Hostel after 11.0 p.m. Written permission to stay outside the Hostel on any occasion must be sought from the Warden, and the Principal's permission be obtained.

### Visitors.

All visitors to the Hostels must first be introduced to the Wardens.

Students may take visitors round their Hostel only with the permission of their Warden.

Women visitors are not allowed in the Men's Hostels except that they may be allowed only in the Common Room with the express permission of the Warden. The same rule applies *mutatis mutandis* to the Women's Hostel.

### Meetings.

Students may attend meetings within the precincts of Fort Hare under the conditions laid down by the Senate.

Hostel meetings may be held on Tuesday evenings after Prayers until 8.0 p.m. If the meeting extends beyond 8.0 p.m., or is likely to do so, the approval of the Warden is required and the Agenda must be submitted to him beforehand.

### Evening Study Period.

During the evening study period, 7.0 p.m. to 11.0 p.m. students are under the supervision of their Warden.

### Student Meetings.

These must be arranged to take place at times which do not clash with the College or Hostel Assemblies mentioned in the first section of these regulations.

Times for Student Society Meetings are prescribed in the Constitution of the Students' Representative Council.

Student Committee Meetings are arranged as required, subject to the condition mentioned above.

Other ad hoc meetings require the recommendation of the S.R.C. and the approval of the Principal.

### Alcoholic Liquor.

The possession, consumption and supply of alcoholic liquor by students is strictly prohibited, and students should know in advance that the penalty for a contravention of this regulation is suspension or expulsion.

### Departure.

Students are required to depart from the College immediately on conclusion of their examinations in June and November, and intimation of the day and time must be made in advance to the Warden.

### Sport.

The College provides opportunities for participation in a number of sports. No pressure is brought to bear on any student to compel him/her to join any sports club, but any student signing a club list thereby

(1) intimates his/her intention of joining that club

(2) accepts the following obligations :

(a) To acknowledge the right, in relation to the activities of that Club, of the Committee appointed by the members of the Club to :

(i) arrange practices and matches and to select teams for such practices and matches.

(ii) require members to attend practices and to play in arranged matches, except in so far as these may interfere with class or laboratory periods.

(iii) take such disciplinary measures as may be required in the interest of the Club.

Members of the Club have the right of appeal to the Athletic Union against any penalty imposed by the Club Committee.

(b) To provide his/her own personal equipment for the particular sport managed by the club he/she joins. The equipment required is as follows :—

**Cricket :** no special personal equipment required for practices but cricket shirt and trousers, and either cricket boots or tackies are required for College matches.

**Tennis :** a racquet and tennis shoes. White shirts and trousers or shorts for men and tennis frocks for women are required for matches.

**Football—Rugby or Soccer—**a College Jersey, one other jersey of any colour different from the College Jersey, shorts, stockings and boots. Playing in ordinary clothes, even in practices, is against the interest of parents on account of the damage done to such clothing, and is not permitted, except

that a shirt may be used for soccer practices instead of a jersey.

*Athletics*—shorts and a vest or shirt are suitable. Running shoes are desirable, but not essential.

*Soft Ball*—No special personal equipment.

### DINING HALL REGULATIONS

1. No food is served in the Dining Hall before meal hours, or to anybody coming late for meals, except to students who have a written request from their Warden or Principal.

2. Students are not allowed to enter the kitchen or pantries under any circumstances. Necessary requests must be submitted through one of the maids in attendance.

3. No food supplied to the students is to be taken away from the Dining Hall without a written request to the Boarding Master from one of the Wardens, and no crockery or other utensils may be removed from the Dining Hall. Students who do so are liable to a fine.

4. On special occasions, and with the permission of the Boarding Master, food supplied by the students themselves may be cooked by the kitchen staff and may be eaten in the Dining Hall, but it must not be taken away.

5. Students are asked to be especially careful in the use of all crockery, etc. No banging or hitting of cups, plates or dishes as a means of applause can be allowed.

6. As these regulations have been framed in the interests of the student body, the S.R.C. and Senior Students are asked to co-operate in seeing that they are adhered to.

### WOMEN'S HOSTEL REGULATIONS.

1. Students in the Hostel are free to attend Sunday Evening Services in the C.U. Hall, authorised Student Society Meetings, and other authorised student activities such as choir practices and Social Functions, provided that the rule laid down in 6 below regarding signing out and in is observed, and students return to the Hostel within 15 minutes of the end of the service or meeting or function attended.

2. Except as in 1 above and in cases where general permission has been given, special permission must be obtained to be outside the Hostel after 7 p.m. The Warden may grant such per-

mission provided that except for a bioscope or similar function permission shall not normally extend beyond 8 p.m., and any group visiting Alice shall not normally consist of fewer than 3 persons.

Students obtaining leave to go to the bioscope or to similar entertainment in Alice must be back in the Hostel within 30 minutes of the end of the same. If the Warden is in doubt about special permission, she will refer the matter to the Principal.

3. Men students may visit the Hostel, subject to the following rules or conditions:—

- (a) They are not allowed upstairs or in the Women Students rooms;
- (b) those visiting the Hostel between 6 p.m. and 8 p.m. may see whoever they wish to see in the Common Room, provided that on Sundays there shall be no visiting after 6 p.m. without the special permission of the Warden of the Hostel;
- (c) they are not allowed to stand or sit outside the Hostel after 6 p.m.
- (d) those visiting the Hostel after 8 p.m. must obtain special permission from the Warden of the Hostel, which will be granted only for special reasons.

4. Students are required to be punctual for all meals, which are served at the following times:—

Breakfast:	Weekdays	8.0 to 8.15 a.m.
	Sundays	8.15 to 8.30 a.m.
Dinner:	Weekdays	1.15 to 1.30 p.m.
	Saturdays	1.0 to 1.15 p.m.
	Sundays	12.30 to 12.45 p.m.
Supper:	Weekdays	6.15 p.m.
	Sundays	6.0 p.m.

All students are to be present at supper unless permission for absence has been obtained from the Warden or a member of the House Committee.

5. The students in the Hostel must elect a House Committee which shall:—

- (a) assist the Warden in the General responsibility of seeing that the rules for the Hostel are obeyed and good conduct generally is maintained.
- (b) be responsible for punctuality at meal times and for decorum in the Dining Hall.

- (c) appoint censors from among the students to attend to such duties as are required for smooth running of the Hostel.
- (d) The House Committee shall be the intermediary between the students and the Warden. This is without prejudice to the right of the Warden or the Principal to deal directly with a student or with the general body of the students in the Hostel, or with the right of any student to approach the Warden or the Principal directly.
6. (a) Students leaving the Hostel during the evening times for any purpose specified in the rules shall personally sign their names in a book to be kept in the Office, indicating where they are going, and shall personally sign again, in a column provided for the purpose, when they return.
- (b) During the evening before the front door is locked the Warden (or a Deputy Warden) or a member of the House Committee shall be on duty in the Office.
- (c) When it is clear from the book that all students are in the Hostel, the main door will be closed for the night. This shall not be done before 8 p.m.

7. The Warden shall have the right to make special rules for the conduct of the affairs of the Hostel, such as rules for the control of laundry work, quietness in the Hostel during hours when students should be studying or sleeping, and so on. These rules shall be published on the Notice Board in the Hostel. The House Committee will be required to assist the Warden in the formulation and administration of these domestic arrangements.

### MEDICAL ATTENTION

*Routine Medical Inspection* : Students are medically examined during their first and last terms by the College Health Officers, at such times as may be announced. The wardens concerned are informed of any defects found.

*Sickness* : The College Physician holds a clinic daily at which sick students are seen. Students wishing to see the doctor must first report to their warden. No student will be seen unless bearing a written request from the warden of their hostel. There is no charge for medical attention, except for special forms of examination, treatment or dentistry.

In the interests of communal health students may at times be required to undergo medical examination, receive treatment, or be given protective inoculations, as the College medical staff may decide.

### FEES.

The fees set out below are block fees, covering Tuition, Board and Lodging, University Registration and Examination fees for normal courses of study.

B.A., B.Sc. : £75 per annum.

U.E.D. : £77 per annum.

Agricultural Diploma : First year at Fort Cox : £15 per annum for Union Nationals, and £32 per annum for students from outside the Union.

Second year, at Fort Hare : £75.

Third Year, at Fort Hare : £64 per annum.

Certificate in Theology : £44 per annum for accepted Theological Students of the Methodist, Presbyterian and Congregational Churches.

### THESE FEES DO NOT COVER :

#### 1. THE COST OF BOOKS, NOTE BOOKS, ETC,

Books are obtainable at the Lovedale Bookstore, and students must be prepared to purchase their books as soon as they are registered for attendance at classes. Students may not be admitted to classes unless provided with the necessary books. This applies to all students including those in receipt of bursaries. The cost of books varies for different classes, but the average cost for books required for a year's work is about £10. As it is inadvisable for students to travel carrying a large sum of money, parents are advised to deposit £10 with the Bursar for the purchase of books, and students on whose behalf this is done will be given book orders from the Bursar's office.

#### 2. FEES FOR ANY EXAMINATIONS ADDITIONAL TO THE MINIMUM NUMBER REQUIRED FOR DEGREE PURPOSES, e.g. repeat examinations, examinations "not for Degree purposes," and the examination taken in the place of Education for the U.E.D.

3. ANY COSTS INCURRED BY STUDENTS DOING PRACTICAL TEACHING AWAY FROM THE COLLEGE in connection with their training as teachers. If students are away doing authorised practice teaching during the College sessions, a rebate 1s. 3d. per day on the boarding fee while the College is in session will be allowed.

THE COLLEGE CANNOT MAKE ADVANCES TO STUDENTS TO MEET THESE OR OTHER ADDITIONAL EXPENSES.

#### General Regulations Concerning Fees.

1. All fees are payable in advance at the beginning of each quarter namely by the first day of session, the first day of May, the first day of August and the first day of October.

2. If a student receives a bursary from a public body he may pay the balance of his fees, if more than £4, in four equal quarterly instalments as above.

3. Students whose accounts are not settled within the first fortnight of each quarter will not be entered for examinations and are liable to suspension from classes.

4. Cheques and money orders should be made payable to The Bursar, University College of Fort Hare.

5. A quarter's notice of intention to leave College must be given.

6. Country cheques must include exchange, at the rate of 6d for the first £5 or less and 3d for each additional £5 or less.

7. Money for fees deposits, etc should be sent to the Bursar either by Cheque, Money Order or in Postal Orders. IT IS NOT ADVISABLE TO SEND BANK NOTES THROUGH THE POST EVEN IN REGISTERED ENVELOPES. Registration only guarantees the delivery of the envelope and is no proof of its contents. If a registered letter is lost, compensation is limited to a maximum amount of £5, irrespective of the amount that was enclosed.

If Postal Orders are sent, they must be filled in as payable to the Bursar, University College of Fort Hare. The counterfoils should be kept until the receipt for the payment is received from the Bursar.

Telegraph Money Orders should only be sent when there is extreme urgency.

## INFORMATION ABOUT CAREERS

### A. Teaching.

Teaching is a vocation for a practical idealist. Without it, very little progress is possible for a people in any direction: better health, better farms, better incomes, better characters all depend on intelligent education. Intending teachers must therefore be idealistic, vigorous and intelligent; must like people, especially young people; and must have a good mastery of English.

Students who intend to become teachers in secondary, high or training schools must:—

(a) obtain either

(i) an Arts or Science degree which must include a number of school subjects as specified in the regulations.

or (ii) must qualify for admission to the final year of a degree course including in their curriculum a number of school subjects as specified in the regulations.

N.B. Advice in the choice of subjects will be given by the Board of Studies, University of Fort Hare  
 and (b) Devote one full year to the University Education Diploma (U.E.D.) Course.

Students who intend to become teachers are advised to do preparatory work for the diploma concurrently with their degree course. This will include 1-2 periods of teaching practice or other practical work a week, for 2 years.

This preparatory work counts towards the requirements of the U.E.D. year. Without it, students who have not completed a degree course are not admitted to the U.E.D. (non-graduate) Course, and others will find it of value during their diploma year. Regulations permit students to complete any of the following U.E.D. subjects and skills at any time during the degree course: Community Projects, Librarianship, Typing, Language work, Black board work, School Hygiene and First Aid. As the U.E.D. course involves an average of 25 periods of class work a week, prospective teachers are advised to complete some of this work before the U.E.D. year.

### B. The Ministry.

Three courses of study for the Ministry of the Christian Church are offered.

- (1) For matriculated candidates a course of study for the B.A. degree with major courses in Biblical Studies and Systematic Theology. This course is under the direction of the Senior Lecturer in Divinity.
- (2) For non-matriculated candidates :
  - (a) A course of study for the University Non-Graduate Diploma in Theology, requiring three years, and open to students who satisfy the University of their competence to undertake it. This course is under the direction of the Senior Lectures in Divinity.
  - (b) A course of study for the College Certificate in Theology, requiring two years, and open to students accepted by their churches as candidates for the Ministry. The normal qualification for admission to this course, which is under the direction of the Wardens of the Methodist and Presbyterian Hostels, is the possession of the Junior Certificate.

Prospective non-matriculated theological students who have time and opportunity are advised to attempt the Matriculation course for the National Senior Certificate. Particulars can be obtained from the Secretary for Education (Examination Section), P.O. Box 1035, Pretoria.

Application for admission to theological courses should be made to the Warden of the Methodist or the Presbyterian Hostel, or to the Registrar, Fort Hare.

### C. Public Health.

The degree of B.Sc. (Hygiene) is available to those who wish to take up the profession of Public Health. The course is primarily designed for African men students who wish for careers in the Government Health Centre Service, and for those wishing to enter the Municipal Health Services as Sanitary (Health) Inspectors. This degree is a recognised qualification under the Public Health Acts, and is recognised by the Royal Sanitary Institute as a qualification for Membership. African women students and Indian and Coloured students are admitted to the course only if places are available; but employment under the Union Department of Health is not necessarily available for them.

The curriculum is given on page 18. Applicants for the course must have passed Mathematics in Matriculation.

Owing to limited laboratory accommodation, admission of students to the second year of this course is reviewed on the basis of attainment in the first year science course.

This course is also recognised by the Joint Board of the Union Government and the Royal Sanitary Institute for those desiring to take the examination of that body, provided that certain conditions regarding post-graduate probation are fulfilled. (Further particulars may be obtained from the *Secretary, Joint Board of the Union Government and the Royal Sanitary Institute, P.O. Box 452, Capetown.*)

See page 25 for Bursaries available.

#### D. Medicine.

Students intending to study medicine may take their first year at Fort Hare, provided they have passed Mathematics in Matriculation. Exemption from the first year at a Medical School requires a pass at the end of the first year in Physics, Chemistry (including Organic Chemistry), Botany and Zoology with a minimum of 50% in each subject. Failure to get 50% in any of these courses at the end of the first year is condoned if the student

- (a) passes a second year course in each subject which he has passed with less than 50%, or
- (b) completes a Degree course which includes the first four courses mentioned above.

The course at a medical school lasts another five years, and costs approximately £250 p.a., inclusive of residence fees.

A limited number of scholarships are available for African students who have qualified as above for the course at a medical school. The scholarships are awarded on the basis of the student's work at this College.

#### E. Agriculture.

There is a demand for students with advanced training in general education and agriculture. The College provides a three years' course in agriculture, the second year consisting of B.Sc. courses in Physics, Chemistry, Botany and Zoology. It is believed that excellent opportunities await those men who prepare themselves for the duties of teachers in agricultural schools and as field officers. The first year is taken at the Fort Cox School of Agriculture. (See page 19).

## F. Civil Service.

New grades in the Clerical Division of the Civil Service are gradually being opened up to non-Europeans. One such new grade has been provided in the Native Territories of the Transkei. The pre-requisite for admission is Matriculation. All persons admitted to the Civil Service must have passed in both official languages.

## G. Interpreting.

A diploma course for the training of Clerk-Interpreters has been begun. This is designed to give men who wish to enter Government or Council employment a sound education (including degree studies in law and administration) and practical training and skill in interpretation under an experienced interpreter. No guarantee of employment can be given, but the Government has intimated that it is prepared to encourage the employment of African men who undergo this training.
