Historical Sketch.

The South African Native College was declared open by the Rt. Hon. General Botha, in the presence of a large and representative gathering of Europeans and Natives on the 8th of February, 1916. Thus, after many years, the ideal of a College for the higher education of the Natives of South Africa reached the stage of working realization.

As early as the year 1880 Dr. James Stewart of Lovedale recognized that if the desire for education on the part of Natives continued to grow, sooner or later it would be necessary to provide an Institution which would give an education, under Christian auspices, of University standard. In November 1904, Dr. Stewart represented this view to the Inter-Colonial Native Affairs Commission, of which Sir Godfrey Luggenden was President, and when this Commission reported in January 1905, the recommendation was made "that a Central Native College or similar institution be established and aided by the various States for training Native teachers and in order to afford opportunity for higher education to Native students."

On the 28th of December, 1905, a week after the death of Dr. Stewart, a convention of Natives from all the States of South Africa was held at Lovedale under the presidency of the late Mr. J. W. Weir of King William's Town to consider the steps that should be taken to give effect to the recommendation of the Inter-Colonial Native Affairs Commission. It was resolved to prepare a petition for presentation to the High Commissioner and the various Governments of South Africa, praying that an Inter-State Native College should be established.

In the years that followed much was done to enlist the sympathy of the Governments concerned and to obtain the support of the Churches and of the Native Races throughout the Sub-Continent. Much is due to the efforts of the late Hon. J. W. Sauer, General Sir C. P. Crewe, and Senator the Hon. Colonel Stanford. An Executive Board, appointed by the Conference of Representatives of the Guarantee Fund, met for the first time on the 3rd of October 1907, under the Chairmanship of the

Rev. James Henderson, M.A., Principal of Lovedale. The interest of the Natives in the scheme was manifested by the grant of £10,000 made by the Transkeian Territories General Council in the same year. The United Free Church of Scotland offered a site at Fort Hare as part of a contribution of £5,000, and other contributions were made or promised.

In 1908 a Select Committee on Native Education appointed by the Parliament of Cape Colony reported in favour of support being given to the Inter-State College but owing to the large political questions engaging the attention of statesmen both before and after the passing of the Act of Union in 1910, the College scheme suffered delay.

Meanwhile, with the capital already available, a property adjoining the site at Fort Hare promised by the United Free Church of Scotland had been purchased. The whole formed a compact block with buildings suitable for staff housing and capable of adaptation to allow of the carrying on of the College until such time as permanent buildings might be erected. The site proposed for the future College Buildings was the historic one at Fort Hare, on which the lines, trenches, bastions and block-house of that important military station, the largest on the frontier, are still clearly visible. From the site the ground slopes away to the Tyumie River which girdles the lands now occupied by the College Farm.

In November 1914 an important step forward was taken when the Constitution of the College, which had been submitted in draft to the contributors and various bodies interested, was finally adopted. The Governing Council of the College, established under the Constitution, held its first meeting in January 1915, and took over the funds hitherto administered by the Executive Board. The Council decided that the site offered by the United Free Church of Scotland was suitable for the purposes of the College, which, in view of the incorporation in the Union of the various States interested in its foundation, was hereafter to be called "THE SOUTH AFRICAN NATIVE COLLEGE." The Government of the Union of South Africa pledged its support by promising an annual grant and appointed its representatives to the Governing Council, a step that was

also taken by the University of the Cape of Good Hope and by the various contributing bodies.

In February 1916, as already noted, the College was declared open by the Prime Minister of the Union, and classes were inaugurated on the 22nd of the same month with a roll of twenty students, drawn from all the provinces of the Union and from Basutoland.

In 1917 the Governing Council approved of plans which had been prepared by the Public Works Department of the Union. The scheme makes provision for the gradual development of the College through a long series of years.

In 1918, the Union Government placed upon the loan estimates a sum of £10,800 for the erection of the middle portion of the main tuition block which the Governing Council unanimately agreed to associate with the name of Dr. Stewart. The loan was passed by Parliament and thus, in spite of the difficulty of war conditions, the erection of the permanent building of the College was ensured.

In the same year the Wesleyan Methodist Church of South Africa which had been interested in the scheme from its inception determined in Conference to proceed immediately with the erection of the Hostel to accommodate students belonging to that denomination and, availing itself of opportunities provided by the Governing Council, resolved to transfer its Theological Seminary for Native ministers to Fort Hare.

In 1919, the Administration of Basutoland intimated its intention of contributing an annual grant of £300 to the funds of the College, and of sending a representative to sit on the Governing Council of the College.

In 1920, the erection of the Wesleyan Hostel and Warden's Residence was begun and the Warden was appointed to the Staff. The Hostel was completed in 1921.

In the same year the Church of the Province rented a house as temporary hostel and the Warden was appointed to the Staff.

In 1920, also, the first portion of "Stewart Hall" was completed and taken over for teaching. This was opened by the Rt. Hon. F. S. Malan, Minister for Education, on the 8th day of January, 1920, in the presence of a large gathering of Europeans and Natives.

In 1923 the College was incorporated under the Higher Education Act (No. 30 of 1923). By this Act the Government of the Union of South Africa is entitled to nominate *four* representatives to the Council instead of *two*, while the Senatus, or Board of Studies, obtains *two* representatives for the first time. The Governing Council which had fashioned the policy of the College since 1916 and had seen it through the uncertainties of its early days held its last meeting on the 30th August, 1923, when certain alterations to the constitution, necessary to bring it into line with the provisions of the Act, were passed.

In 1923 the Presbyterian Hostel was erected on a site granted to the United Free Church of Scotland in 1919. It was occupied in February 1924.

In 1925 the Foundation stone of the Assembly and Dining Hall was laid by the Hon. the Prime Minister, General J. B. M. Hertzog, and an extension of Stewart Hall was undertaken.

In 1926, for the better prosecution of the Agricultural Training given at the College, an additional farm of 1250 acres was purchased, and adequately stocked with dairy cattle. The College Farm land was thus brought up to a total of 1600 acres (approx.) and room for expansion secured.

In 1926 also, £1,500, being the balance of a donation promised in 1926 on condition that £50,000 of capital was raised, was paid over by De Beers Diamond Syndicate.

In 1929 Dr. Henderson laid the foundation stone of the Student Christian Union, the cost of which had been borne by the Student Christian Associations of the United States and Canada. This hall was officially opened on 27th June, 1930, by Mrs. Max Yergan. It provides the headquarters of the Native Branch of the Student Christian Movement in South Africa, and is intended to afford a training ground for social workers.

On 19th July, 1930, died Dr. Henderson, Principal of Lovedale. Dr. Henderson was elected first chairman of the Executive Board formed to promote the College scheme in 1907, and on the formation of the Governing Council in 1915 was continued as chairman, an office which he held until his death. Dr. Henderson thus directed the promoting and governing bodies of the College for the first twenty-three years of its development.

In 1934 the Chamber of Mines gave £75 000 as an endowment for Native Medical Education and this was handed over to the College for that purpose by the Minister of Education (Mr. J. H. Hofmeyr). In this year separate Departments of Botany and Physics were established making a B.Sc. course possible.

On June 27th 1930 the "Christian Union" was formally opened. This building is a gift of the Young Men's Christian Association of North America and is an earnest of that Association's interest in the work being done among the Bantu students and people of South Africa by Mr. Max Yergan. The building was made possible by an initial gift of £5,000 by Mr. John D. Rockefeller, Jr., to which sum were added other contributions of the White and Negro races of America. It is a substantially constructed building containing an assembly hall, social and reading rooms, large and small committee rooms, office accommodation, several dormitory rooms and other facilities for the special purposes of the building.

The purpose of this latest addition to the buildings at Fort Hare is several fold. In addition to providing accommodation for the College Chapel, the daily assembly and other public meetings of the College, it will house all student meetings and in its social and reading rooms furnish a common centre for the student body. Secondly it is planned to make this building the

THE PRESBYTERIAN HOSTEL, FORT HARE.

centre for a part, at least, of the social service work now being carried on by the Student Christian Association of the College among the Native people in the vicinity of Fort Hare. Thirdly the building serves as general headquarters of the Native section of the S.C.A. of South Africa and for some time will be the centre from which will be developed the proposed Y.M.C.A. work to be carried on amongst both the rural and the urban Bantu population. In the fourth place, it is in the plan of the leaders of the S.C.A. and the proposed Y.M.C.A. work to set up a course of training specifically for Y.M.C.A. workers and for Christian Social Service workers in general.

3. A Higher Teachers' Course for students who have matriculated, leading to the College Diploma in Education, and/or to the University Higher Diploma.
4. Pre-Medical Course. The Subjects are Botany, Zoology, Chemistry, Physics. (Course 1 in each Subject.)
5. Course for Medical Aids.

B. Matriculation Courses.

1. University Matriculation.

For a limited period students who are eligible will be prepared for the Matriculation Examination of the Joint Matriculation Board.

2. College Matriculation.

A Course, designed for those who are preparing (a) for the Ministry, (b) to be Chiefs, (c) for Agriculture, (d) for Business, embracing English, Afrikaans, Bantu Studies, History, Mathematics, Elementary Natural and Mental Science, leading to the Matriculation Examination of the College.

C. Theological Courses.

The Methodist Church of South Africa and the United Free Church of Scotland Mission have established Theological Courses. For information with respect to these, address enquiries to the Theological Tutors.

Note.—Guidance is sometimes sought as to the courses suitable for different careers. The following notes may be useful to students intending to enter certain well-defined professions.

WESLEYAN HOSTEL, FORT HARE.

A. The Ministry.

The College does not itself prepare students for the Ministry of the Christian Church, but courses are provided at two of the Denominational Hostels, the Methodist and Presbyterian. The course at the Methodist Hostel is at present of two years duration, and at the Presbyterian of four years, including one preparatory year spent mainly in general education. While carrying on their course of training, students are allowed to attend certain College classes and to work for one of the Matriculation Certificates or for a Degree or Diploma. Most advantage can be taken of the College classes when the theological student has passed the Junior Certificate. Application for admission to Theological Courses must, in the first instance, be made to the Theological Tutor, Methodist or Presbyterian Hostel, Fort Hare.

B. Medicine.

Those who wish to study medicine must first pass the Matriculation Examination of the Joint Board of the South African Universities. Thereafter, they may take the Premedical Course, i.e., First Year B.Sc. examinations in Physics, Chemistry, Botany, and Zoology, at Fort Hare. Passes in these subjects, and attendance at Fort Hare classes, are recognised by certain overseas Universities as exempting from Premedical or First Professional Examinations and classes. At present non-European students must be prepared to go overseas to complete their medical course.

A course for "Medical Aids" will be started in 1935. At present the first year course will be the Pre-medical.

C. Teaching.

Students who wish to train as teachers or to obtain an additional qualification must first take the Matriculation or Senior Certificate. They may then adopt one or other of two courses : (1) They may study for the Diploma in Education of the College, which is recognised by the Provincial Authorities and which, in addition to professional

subjects, involves study as for the first year of the B.A., or (2) They may take the Degree in Arts and study for the College Diploma in Education or for the University Higher Diploma (see p. 51), in a post-graduate year. As uncertainty sometimes exists as to the time that a student can spend at College, it is generally better to make sure of the professional certificate by adopting the first alternative, and to proceed to the Higher Diploma (Univ.) later if possible.

D. Civil Service.

New grades in the Clerical Division of the Civil Service are gradually being opened up to non-Europeans. One such new grade has been provided in the Native Territories of the Transkei. The pre-requisite for admission is *Matriculation*. Lower grades are available for those who have taken the Commercial Certificates of the Union Education Department. After August 1928, all persons admitted to the Civil Service must have passed in both *official languages*.

E. Agriculture.

A demand exists for trained Agricultural Demonstrators, and it is possible that a type of field-officer will be called for at an early date. The three years Agriculture course at Fort Hare will be the best preparation for this new grade of civil servant. Splendid opportunities for practical work are now available on the College Farm and students get sound scientific training in well equipped laboratories as well as theoretical and practical training in field and animal husbandry.

DEPARTMENT OF EDUCATION.

Higher Diploma in Education.

Two Courses in Education may now be obtained at the College.

I. POST-GRADUATE COURSE.

Higher Education Diploma of the University of South Africa.

At a meeting held at Potchefstroom on 29th March, 1932, the Senate of the University of South Africa adopted the following recommendations of a committee with regard to the recognition of the South African Native College, Fort Hare, as a training centre for the Higher Education Diploma.

(a) That the South African Native College be recognised as a training centre for the Higher Education Diploma in terms of regulation 7, page 268 of the 1931 Calendar of the University of South Africa.

(b) That the College lecturers in the Higher Education Diploma subjects be recognised as internal examiners for the Higher Education Diploma examination ;

(c) That the South African Native College be represented by at least one member on the Senate of the University of South Africa and on the Faculty of Education.

The Regulations are as follows :—

1. Candidates for admission to the Higher Diploma in Education must previously have been admitted to the degree or to the status of Bachelor in some Faculty of the University. No candidate will be admitted to the Higher Diploma who has not included as major or principal subjects in his previous degree two subjects which are capable of being offered as subjects of instruction in a secondary school or technical institution ; provided that, in place of one such major or principal subject, the Senate may, on cause being shown, allow the substitution of another teaching subject in which a minimum of two qualifying courses has been taken : and provided also that, in place of two such separate teaching subjects, candidates holding the degree of B.A. (Fine

Arts) may, for the purposes of this regulation and of Regulation 3 (a) following, offer the single general teaching subject of the Fine Arts.

The subjects offered in terms of the previous paragraph shall be known as the candidate's principal teaching subjects.

2. The duration of the course shall be one complete academic year (i.e. a full course of lectures), entirely devoted to the course prescribed, subject to the modifications contained in paragraphs 4 and 5 below.

3. Every curriculum for the Higher Diploma in Education shall include the following subjects :—

- (a) Short courses, from the point of view of curriculum and method, in the candidate's two principal teaching subjects, these courses to consist of about thirty lecture-periods each and not to include work towards a Master's degree ; or, in place of the above and in the special case only of candidates holding the degree of B.A. (Fine Arts), an equivalent general course on the teaching of the Fine Arts.
- (b) Principles of Education ; Psychology of Education ; History of Education ; requiring more extensive reading than in the case of the Lower Diploma, evidence of which must be shown in examination.
- (c) Practical Teaching to the extent of at least thirty school days ; Language Work in one or both of the official language media ; Elocution ; Blackboard Work.
- (d) I. In the case of candidates holding degrees with a three-year curriculum, the examination will also include tests in the subjects of one of the following groups :—
- (i) Hygiene and Physical Education ; and either Woodwork, or Sewing, or Music, or Drawing, (Compulsory for graduates in Pure Arts or Pure Science).
 - (ii) Shorthand and Typewriting. (Compulsory for graduates in Commerce).

II. In the case of candidates holding degrees with a four-year curriculum, the examination will include a test, if a satisfactory test has not already been passed, in one of

the following subjects: (i) Craftwork. (Compulsory for graduates in Fine Arts). (ii) First Aid. (Compulsory for graduates in Engineering).

4. Candidates who have taken one qualifying course in Education for the degree of B.A. or B.Sc. may be excused relevant portions of the above syllabus and the relative examination, but must, in all cases, add one other qualifying course from the B.A. or B.Sc. curriculum.

Application for such exemption shall be made at the commencement of the course.

5. Although the post-graduate course will cover *one* academic year only, as stated under paragraph 2 above, provision should be made, where possible, for the accumulation of experience during the undergraduate years by means of—

- (a) attendance at demonstration exercises or discussions of educational problems;
- (b) attendance at selected schools for observation and practice;
- (c) practical training in elocution and phonetics, blackboard work, and (in the case of Science students) laboratory arts.

6. The Diplomas of successful candidates shall bear an endorsement showing the official language or languages through the medium of which the holders are qualified to give instruction, and the grade of the test in such language and languages.

There shall be a higher test and a lower test in each official language, and every candidate must pass in the higher test in at least one official language.

The examination shall consist of:—

- (1) an oral test, including any necessary phonetics;
- (2) a written test—an essay of suitable type;
- (3) a teaching test;

all of which shall be judged only from the point of view of proficiency in the use of the medium.

7. No candidate shall be granted a Higher Diploma in Education unless he can produce evidence to the satisfaction of the Senate that he has taken a course of professional training of an equivalent standard at an approved institution.

8. University examinations will be held at the conclusion of the course covering all the professional part of the course; provided that elocution, blackboard work, and the subjects of Regulation 3 (d) above may be completed at any time by internal examination.

Candidates are required to pass in each separate subject of the examination, the minimum for a pass and the percentage of the total marks to be assigned to the College record, if any, in each subject being as follows :—

Percentage allowed for College Record.	Minimum for a pass in	
	(a) Univ. Exam.	(b) Univ. Exam. and College Record Combined
25		40

When a candidate fails in a portion of the examination, the decision as to the subjects to be repeated by him rests with the Dean of the Faculty, provided that failure to pass in more than one of the five principal sections of the examination involves re-examination in all these five sections. The five principal sections are : One principal teaching subject ; the three subjects under paragraph 3 (b) ; and teaching tests.

Candidates who fail in one (subsidiary) subject only may be allowed a supplementary examination in such subject before the 30th June of the following year, provided they bear the cost of the examination.

Candidates who fail in one only of the five principal sections of the examination may be allowed a supplementary examination in June of the following year, under the same conditions.

Entries for such examination close on 31st March.

A candidate who obtains an aggregate mark of 63 per cent. or over in the full examination shall be entitled to receive a Diploma of the first class, provided that he obtains an aggregate of at least 60 per cent. in the five principal sections.

9. Any holder of the Lower Diploma in Education who subsequently obtains a degree may convert this Lower Diploma into a Higher Diploma by the satisfactory completion, at one and the same examination, of the following :—

- (1) The academic work and examinations prescribed in the two secondary school subjects.
- (2) A general paper on the Psychology of Education set for any constituent college.
- (3) A teaching test in each of the two secondary school subjects.

Candidates converting a Diploma under this paragraph must pass in all subjects at the same examination.

10. Candidates holding Bachelor's degrees other than those specially provided for in the above regulations will not be admitted to the Higher Education Diploma except by special permission of the Senate, which, in such permission is granted, shall inform the candidate of the conditions under which he may enter.

Constitution.

1. NAME AND OBJECT OF COLLEGE.

The name of the College (which during the stages preliminary to the adoption of this Constitution has been provisionally called and known as "*The Inter-State Native College*") shall be "*The South African Native College.*"

The College is established primarily for the benefit of the Native races of South Africa.

II. CHRISTIAN CHARACTER OF COLLEGE.

The College shall be a Christian College, and, while no special religious tests may be applied, all members of the staff shall be professing Christians and of missionary sympathies.

III. CONSTITUTION OF COUNCIL.

Together in Excellence

The College shall be under the control of a Council constituted in the following manner, which shall be styled the "Governing Council of the South African Native College."

A. Representatives of Donors. A Roll of Donors shall be kept on which shall be entered the names of the persons, corporations and societies that have contributed towards the capital funds of the College whether for building or for endowment.

Any person, corporation or society contributing a sum of £5,000 to the capital funds of the College shall be entitled to appoint one member to the Council, and if the sum contributed be £10,000 or more, two members.

All donors contributing amounts of at least £5 or less than £5,000 shall together be entitled to elect one member to represent them on the Council and when their collective contributions shall be £10,000 or more, two members.

The voting powers of these donors shall be as follows:—

Those contributing from £5 to £15 one vote each,
 " " " £15 to £50 two votes each,
 " " " £50 to £100 three votes each,
 " " " £100 to £250 four votes each,
 and one additional vote for every additional £250.

The methods of election shall be arranged and carried out by the Council.

B. Representatives of the University of South Africa. The University of South Africa shall be entitled to appoint two members to the Council.

C. Representatives of Co-operating Churches, Missionary Societies and other bodies. Any Church, Missionary Society or other body co-operating with the College in any one of the following ways shall be entitled to appoint one member of the Council:—

Alternative Plans of Co-operation.

(a) The erection of a hostel, on plans approved by the Council, of the value of not less than £2,000, together with an undertaking to pay annually to the Council (1) a sum of £150 towards the salary of its Warden, and (2) to maintain the hostel with its grounds and outhouses in a fit state of order and repair, to the satisfaction of the Council, and (3) to fulfil the further conditions specified under the Schedule annexed to this Constitution; or,
 (b) An undertaking to pay annually to the Council a sum of not less than £250 towards the funds of the College; or, (c) Any other plan of co-operation acceptable to the Council as equivalent to one of the above-mentioned plans.

If any two or more Churches, Missionary Societies or other Bodies desire to combine for the purpose of co-operating with the College in terms of any one of the above-mentioned plans, they shall be entitled to do so and to nominate one member to the Council.

While in all cases the right to nominate a member of the Council shall follow the actual fulfilment of some one of the conditions above-mentioned, any Church, Missionary Society or other Body or Union of Churches, Missionary Societies or other Bodies notifying the Secretary of the Council of their

intention to fulfil such conditions shall in the interim be entitled to send a representative to attend all meetings of the Council, to share in its discussions, but without the right to vote provided that if, after such reasonable time has elapsed as in the opinion of the Council is sufficient for the fulfilment of the condition undertaken and that condition be not fulfilled, the right to send a representative to the Council's meetings shall by vote of the Council be abrogated.

Any Church, Missionary Society or other Body or Union of Churches, Missionary Societies or other Bodies desiring to cease co-operating with the College in terms of any one of the above-mentioned plans shall be at liberty to do so, upon giving two years' notice in writing to the Secretary of the Council, and in a case of a hostel being given up the conditions specified in the Schedule of Regulations affecting Hostels annexed to the Constitutions being also fulfilled. So soon as the co-operation is withdrawn, the right to be represented upon the Council shall automatically cease.

D. Representatives of the Native Secondary Education. Those institutions which the Governing Council has accepted as adequately preparing students for any of the entrance tests of the College shall collectively be entitled to elect one member of the Council. The election shall be arranged in the first instance by the Executive Board, and thereafter by the Council.

E The Principal of the College shall be a member of the Governing Council *ex officio*.

F. Government Representatives. His Excellency the Governor-General may from time to time appoint four members to the Council, and the administration of any State, Colony or Protectorate, making an annual grant of not less than £250 in support of the College, shall during the continuance of the grant be entitled to appoint one member to the Council.

G Representative of Graduates. Provision shall be made by vote of the Council, at such future time as the Council shall think proper, for the election of an additional member to the Council, or additional members not exceeding three in number, by those

past students who may be graduates of a University or holders of such certificates from the College as shall entitle them, in the opinion of the Council, to be enrolled as voters for the purpose.

H. Alternate Members. All bodies entitled to appoint members of the Governing Council shall have the right to appoint alternates for the same period with full power to act for the primarii whenever these are unable to attend meetings of the Council.

IV. DURATION OF APPOINTMENT TO THE COUNCIL.

Each member of the Council shall hold his seat for three years from the date of his appointment.

In the event of any of the bodies entitled to nominate a member failing to do so the action of the other members forming the Council shall in no way be invalidated by such failure.

The Council at its first meeting shall frame rules for the conduct of its business, and elect a chairman.

V. POWER AND DUTIES OF THE COUNCIL.

(a) All immovable property and fixed assets of the College shall be vested in the Council incorporated by Act of Parliament No. 30 of 1923.

(b) The Council shall from time to time frame such rules, for their own guidance, for the regulation of the affairs of the College and for the discipline and conduct of the students as the said Council shall deem expedient.

(c) The Council shall devise or adopt such entrance tests, courses of study and practical training as in their judgment are suited to the needs of the Native people of South Africa, and are calculated to promote their moral, social, intellectual and industrial advancement. The courses to be provided shall, as occasion and opportunity arise, include preparation for the B.A. or other higher examination of the University of South Africa or other similar final examination of a recognised University.

(d) The Council shall ascertain and consider the views of the Senatus as to the courses of study and practical training.

(e) To appoint the staff.

The power to terminate engagements and to dismiss any member of the staff shall rest with the Council.

(f) Power to alter Constitution.

The Council may, by vote of not less than three-fourths of the members present, amend or add to the provisions of this Constitution, save and except Article II in regard to the Christian character of the College, provided (a) that at least three months previously formal notice of the proposed resolution shall have been sent to all the members and (b) that formal objection is not made within three months of the passing of the resolution by more than one-fourth of the members of the Council.

(g) Not more than two members of the Senatus other than the Principal shall be eligible for membership of the Council.

Report of the Governing Council

FOR THE YEAR ENDING 31st DECEMBER,
1933.

The Hon. the Minister for Education.

Sir,

We have the honour to present the report of the Council of the South African Native College, Fort Hare, for the year ending 31st December, 1933.

1. *Changes in membership of Council* : The changes in the membership of the Council during the year under review were as follows :—

Rev. J. B. Grimes, M.A., was appointed by the Church of the Province in room of Rev. W. A. Goodwin, M.A., deceased.

Mr. J. Mould Young, Chief Magistrate of the Transkeian Territories United General Council was appointed by the Union Government to the place vacated by Mr. W. T. Welsh on his retiral. The Council recorded the following Minute of appreciation of Mr. Welsh's services to the College :

“ The Council received with regret the resignation of Mr. W. T. Welsh as a representative of the Government, on his relinquishing the post of Chief Magistrate of the United Transkeian Territories. Mr. Welsh had always taken a deep interest in the education of the Native people. During his administration of the Transkeian Territories the system of scholarships which had provided for the attendance of so many students at Fort Hare had been instituted. He had done much to encourage Agricultural education in the territories and had forwarded the establishment of centres for the training of Native nurses and medical practitioners in South Africa. While congratulating him on a most successful term as Chief Magistrate, the Council noted with satisfaction that Mr. Welsh had been elected a member of the Cape Provincial Council and hoped that so long as he continued

to reside in this area he would feel free to accept the Council's invitation to be present at its meetings."

2. No new Departments, Professorships or Lectureships were instituted during the year.

3. *Staff*: Miss Mary Dick, M.A., continued on special study leave at Columbia and Yale Universities, her position being filled during 1933 by the temporary appointment of Miss Elizabeth Collins, M.A.

Miss Beatrice Tooke, B.A., was granted ordinary leave during the first six months of the year, her place being taken by Mr. J. B. Meyer, B.A.

Mr. W. T. Murdock, B.A., Lecturer in Mathematics was granted sick leave from 13th June until the end of term. Mr. R. William's M.Sc., from Rhodes University College, was appointed a temporary lecturer to undertake Mr. Murdock's duties.

University of Fort Hare

Dr. O. C. Jensen was granted special leave from 15th Sept., 1933 till 15th July, 1934, to enable him to accept a temporary assistantship in the department of Philosophy at the University of Edinburgh. Mr. Bernard Notcutt, M.A., (Oxford) was appointed temporary lecturer in Philosophy.

Mr. G. H. G. Dunlop, formerly of Tiger Kloof institution, was appointed to the new post of Boarding Master in charge of the Dining Hall and College grounds as from July, 1933.

The Rt. Rev. C. J. Ferguson-Davie, M.A., D.D., formerly Bishop of Singapore, assumed duty as warden of the Anglican Hostel as from July, 1933. During the interval between the departure of Bishop Smyth and the arrival of Bishop Ferguson-Davie the duties of the warden were shared by the Rev. H. L. Henchman and the Rev. D. J. Darlow, B.A.

The Rev. A. J. Cook, B.A., Warden of the Methodist Hostel went on leave from November, the duties of the Wardenship for the remainder of the term being shared by Mr. W. R. Caley and Mr. C. P. Dent, M.Sc.

8. Donations to the Library continue to be received and are gratefully acknowledged from :

Miss Alice Werner, London, formerly of the School of Oriental Languages ; Sir Thomas Muir, Cape Town ; the University of Witwatersrand and the University of Cape Town for gifts of duplicates or redundant copies of books.

Mrs. Stormont and family, of Blythswood, have kindly donated approximately 1,000 volumes from the collection of the late Rev. D. D. Stormont, M.A. LL.B. This should provide a valuable augmentation of several sections of the Library, notably in General Literature, Education, Philosophy and Law.

9. The various activities of the students have been vigorously carried on as in previous years.

The Dramatic Society gave representations of several One-Act-Plays while the Debating Society sent a team of four students over to Rhodes University College to hold a joint debate with students there. In addition to matches played against the Institutions in the neighbourhood arranged by the Athletic Union, this body assists in the organization of Inter-Collegiate Sports. These allow of healthy competition among, and provide a happy meeting ground for, the five important Native Institutions in our immediate neighbourhood.

10. *Finance* : The grant from the Union Government which was £5,065 in 1932 increased to £5,273. 10s. 0d. enabling us to restore the deduction from salaries that had been made in recent years.

The Dining Hall suffered from a reduction in the number of students and a rise in prices of certain classes of provisions in the second half of the year and shows a deficit of £79. 12s. 1d.

The deficit on the Women's Hostel under present conditions is constant, the actual figure to the nearest pound being the same as last year at £89. 6s. 9d.

The Farm surplus fell to £15. 2s. 3d. from £134. 8s. 2d. in the previous year, a reflection of the lower prices of dairy produce and of the depressed markets generally.

The deficit on the Education and General account after taking account of the balances of Subsidiary accounts was £195. 8s. 3d.

The Property and Assets excluding Denominational Hostels and Student Christian Union, are valued at £56,404. 3s. 5d.

11. *General* : The most important single event in the year under review was the visit of the Government Commission appointed to enquire into the financial position of the Universities, University Colleges and Technical Schools. Comprehensive memoranda were presented to the Commission, giving a brief history of the College, statistics showing increase in enrolment, staff, grants and expenditure, and the relation of these to one another, together with an estimate of the immediate needs of the College, both as to annual grants and capital outlay, especially in the departments of Science and Bantu Studies. It was recognised, we believe, by the Commission that more extensive Government aid was required to provide for the rapidly developing needs of the College, especially in post-matriculation work, and it is hoped that as a result of their recommendations it may be possible to develop immediately certain science courses leading to the B.Sc. degree. It is believed that there is a clear field for the adaptation of science courses to Native medical and agricultural programmes, two of the most important directions in which the Native people need help at the present time.

The results of the year's work, so far as they can be judged by external examinations, were again satisfactory, in spite of a year

more than usually disturbed by staff changes due to sickness and leave. Seven students, including one Indian and one woman, completed the course for the B.A. degree of the University, one man obtaining a first class in Ethics. Forty-three students sat various stages of the B.A. and B.Sc. examinations and of these thirty-three made their year. Five of these were students taking the first year B.Sc. preparatory to a medical course. Advances to be noted this year are passes by two students in second year degree Latin, and by one in second year Mathematics. Presentations for degree examinations were made from twenty-four classes, viz., from three in English, two in Latin, Xhosa, Sesuto, Zulu, History, Mathematics, Ethics, Psychology, and from one in Physics, Chemistry, Botany, Zoology and Logic. This illustrates the variety of options open to students in degree work even when the staff is small.

Concurrently with the degree work, twenty-one students were studying various sections of the course in Education. Seven students were successful in completing their courses by December.

During the year twenty-four students matriculated and five more who had been left with one subject to complete were also successful. This is a larger number than matriculated during the whole period 1916-23. It is gratifying also to see the trend into the higher classes, two students obtaining a first class and three a second. It is noteworthy that no student failed in Mathematics and only three out of twenty-five in Latin. English continues to give most trouble though the best students make a good showing here also and the weakest in English are generally weak elsewhere as well. For almost fifty per cent. of Native students three years is normally required for Matriculation after the Junior Certificate.

It should be noted also that in eight other High Schools thirty-two students matriculated in December. Should a fair proportion of these proceed to degree work they will help to bring the day definitely nearer when we shall confine ourselves to post-matriculation work and professional courses. As it is, over one-third of our enrolment is now post-matriculation, the number having risen from two in 1921 to forty-one in 1933.

Reporting on the farm Mr. Germond says that the 1931-32

Official Records of Union Grade Herd Averages, now to hand, give Fort Hare 133rd. place out of 461 herds and 2nd. in Victoria East. The herd average stands at 6,433 lbs. of milk testing 3.51 per cent. fat and yielding 226 lbs. of butter fat in 289 days per cow. There were 82 cows in test. Our herd of 82 appears as the eighth largest grade herd in the Union.

The Agricultural show with its allied events was held, for the first time on two days, in May, and in spite of cold weather was a success. It would appear that the Show is becoming well established and that, aided by the contributions of the Local Councils, it is by way of becoming self-supporting. In association with the Show proper, there were held village school choir-competitions and exhibitions of handwork (under the auspices of the Cape Education Department), as well as meetings of Farmers', Health, and Child-Welfare Associations.

During the year we were privileged to have series of lectures from Professor Westermann of Berlin University on Anthropology and Bantu Languages; from Mr. W. G. Bennie on the vocabulary and structure of Xhosa; and from Dr. Edgar Brookes on "Trends of Native Legislation." As both students and staff found these lectures informative and stimulating, we hope it may be possible to make a feature of such lectures in future.

We should like to express the warm thanks of the College to the Professors of the Science Faculty of Rhodes University College for help afforded in preparing the Memoranda for the Government Commission as well as for the interest which they and their colleagues of the Senate of the University of South Africa manifest in the progress and welfare of the College.

To members of staff, and particularly this year to those who gave temporary service in various departments, we tender the thanks of the Council for zealous and assiduous work. We desire also to thank warmly the staffs of Lovedale Primary and Secondary Schools for oversight given to teachers in training.

We have the honour to be,

Sir,

Your obedient servants,

(Signed) G. F. DINGEMANS, *Chairman.*

ALEXANDER KERR, *Principal.*

Addendum A.

SOUTH AFRICAN NATIVE COLLEGE, FORT HARE.

Faculty of Science.

In September, 1932, the College Senatus recommended to the Governing Council the provision of facilities for more advanced scientific training for Non-European students. This recommendation was approved by the visiting Examiners from Rhodes University College, and was supported by a letter from Professor Varder, in which he urged the need for increased staff and improved laboratory accommodation for the work now being done. The findings of the various Committees which have discussed this proposed development are summarised below :—

I. *Reasons for recommending development of the Faculty of Science :*

Together in Excellence

- (a) Numerous requests for B.Sc. training have been received from past and present students of the College, and the experience of the College justifies the view that there are Bantu students able to undertake advanced scientific work.
- (b) Non-European High Schools are requiring graduates in Science.
- (c) Development of the Higher Diploma Course at Fort Hare requires the provision of second year courses, at least, in more school teaching subjects. Facilities for B.Sc. training in Mathematics and the Natural Sciences would help to meet this need and to satisfy the demands of the High Schools.
- (d) Trained Agriculturists of University standing will be much more effective in guiding the development of Native Agriculture and Animal Husbandry, than the class of Agriculturist, of approximately Junior Certificate standard, being trained at the Native Schools of Agriculture.

- (e) Scientific education is an essential factor in a balanced educational programme, and this both because of the content and of the training in method which only adequate laboratory facilities can provide. Experimental science is the basis of all effective work in medicine and agriculture, and is the best antidote to the superstitions prevalent in both these fields. The training of Bantu students in Natural Science should have far-reaching effects upon the attitude of the Bantu masses to such important matters as veld ecology, afforestation, fertilizers, analyses of food stuffs, and so on, all very important factors in the economic development of the country.

II. *Condition of existing Science Departments :*

These departments are under-staffed, and laboratories and lecture rooms are both too small and otherwise unsuited to the work being done in them.

III. *Estimate of cost of providing B.Sc. courses in Physics, Chemistry, Botany, Zoology and Mathematics :*

(a) *Staff :*

Two additional staff members would provide one lecturer in charge of each department, and since the development of these departments will probably coincide with the dropping of the Matriculation classes, addition of two members should be sufficient until such time as the growth of the departments themselves justify further appointments. A laboratory servant would be required by each department.

(b) *Buildings :*

The Heads of the Departments of Physics, Chemistry, Botany and Zoology at Rhodes University College were asked by the Governing Council to outline the accommodation that would be required to provide efficient training to the B.Sc. standard for the number of students indicated. The following are summaries of their estimates :—

Addendum B.

SOUTH AFRICAN NATIVE COLLEGE BANTU STUDIES.

1. In the University degree courses, Bantu Studies are thus placed :

- Under Group II. A Bantu Language (i.e. Zulu, Xhosa, Suto, Chwana).
" " III. Native Law.
" " V. Social Anthropology ; Ethnic History of Africa ; South African Archaeology.
" " VIII. Comparative Bantu Philology.

2. At the present time the Bantu Studies lecturer (Mr. Jabavu) conducts eight classes of the above, namely, Comparative Bantu Philology I and II for Suto and Xhosa ; Social Anthropology I and II ; Xhosa I and II ;—all within four periods per week.

3. Native Law can only be considered in conjunction with a full-fledged Law Department, and as there are frequent inquiries and applications for it, this should be included in future development schemes. South African Archaeology will need a specialist.

4. The time of four periods a week at present devoted by Mr. Jabavu to this department is exceedingly meagre, due to his carrying all the first and second year Matriculation classes in Chwana, Zulu, Suto and Xhosa as well as the first and second year Matriculation Latin.

5. The Committee suggests that, as a beginning, some redistribution of work should be made so as to enable Mr. Jabavu to increase his Bantu Studies lectures from four to, say, ten periods a week ; this readjustment to be followed by a gradual change leading to a time when his teaching will be confined entirely to Bantu Studies and Vernaculars.

6. The Committee suggests the appointment of a Lecturer in Classics as a step towards relieving Mr. Jabavu of Latin.

7. As Bantu Studies and Vernaculars are an essential feature of this College, and will always be required by students taking the College Diploma Courses in Business, Theology, Agriculture and the Chiefs' Course, the Committee points out that the College, after abolishing the University Matriculation classes, will of necessity retain the sub-Matriculation classes in Vernacular and Bantu Studies for the convenience of students in the Faculties of Business, Theology, Agriculture and the Chief's Course.

Consequently when arrangements are being made to discontinue the Matriculation classes, this factor will have to be taken into account.

8. *Objective :*

(a) Fort Hare should aim at developing a strong centre for the study and teaching of Bantu Languages and of the group of subjects embraced under the general name of Bantu Studies.

(b) The College is a Native College, and it is of high importance that Native students should be trained to scientific observation and reasoned knowledge of their own languages, laws and customs.

(c) Fort Hare offers unique opportunities for research work. The number of African languages spoken by the students and the initial knowledge of Native customs which they possess insure that much valuable exploratory and comparative work can be done at any time at Fort Hare itself.

(d) The College should be a centre for a Bantu Studies Museum and Library: for the registering and preserving of results of Bantu Study, and for the initiation and directing of lines of inquiry as these present themselves.

The Lovedale Press is near at hand, and the question of publication is simplified.

(e) Schools of Bantu Study have been developed at Cape Town, Stellenbosch and Johannesburg, and have received considerable Government support. Hitherto Fort Hare has not been strong enough in this department to claim such support, and there is danger that it may fail to develop the service which its special circumstances should require it to offer.

(f) The Department of Bantu Languages and Studies should be one of the strongest in Fort Hare, staffed and equipped for research and teaching. It should aim at such a standard of work as to entitle it to speak with authority on these subjects.

UNDER HIGHER EDUCATION ACT,

No. 30 of 1923.

University of Fort Hare

Together in Excellence

***N.B.—All Amendments made up to May, 1929,
have been embodied.***

**REGULATIONS FRAMED UNDER SECTION NINE-
TEEN OF THE HIGHER EDUCATION ACT**
No. 30 of 1923.

Institutions declared to be Places of Higher Education.

I.—Declaration of Minister and Scheme of Government.

1. The provisions of the Act relating to declared institutions shall apply only to institutions specially declared under the Act to be places of higher education.

2. The scheme of government, approval of which is necessary prior to the declaration, shall be deemed to include all provisions of the Act and of these regulations, provided that the Minister may, under the powers conferred in section *nineteen* of the Act, approve of regulations not inconsistent with the Act applicable to a single institution and included in its scheme of government, and such special regulations shall be of effect notwithstanding anything contained in these general regulations.

3. The draft scheme shall be published in the *Gazette* by direction of the Minister not less than thirty days before approval is given, and shall be laid upon the table of both Houses of Parliament within fourteen days of approval or, if Parliament be not sitting, within thirty days of the beginning of the next succeeding session of Parliament.

4. The scheme shall be of effect from the date prescribed in the Minister's declaration of approval, or, if no such date be prescribed, from the date of publication in the *Gazette* of that declaration.

II.—Councils.

5. (i) The scheme shall prescribe the constitution of the Council, in which shall be vested the government and executive control of the institution, and shall indicate the authority responsible for the exercise of the functions of the Council during any period not exceeding three months prior to the first meeting of the Council. The authority aforesaid shall, not more than two

months after his approval of the scheme, inform the Minister of the names of persons appointed to be members of the Council other than those to be appointed by the Minister.

(ii) The Minister shall cause to be published in the *Gazette* the names of persons appointed by him to be members of the Council.

(iii) The Council may, subject to the authority of the minister, elect honorary members of Council, who shall not be entitled to vote in meetings of the Council and shall hold office for three years or such other period as may be determined by the Council.

6. Each appointed member of the Council (unless otherwise provided) shall hold office for a period of three years beginning on the first day of January in the year of appointment.

7. Three months before the expiration of the period of office of any member of the Council notice shall be given by the secretary of the Council to the person or body entitled to appoint his successor. If the Secretary do not receive due advice of the appointment of a successor before the date when the office becomes vacant, the Council shall at its next meeting report the vacancy to the Minister and may make a recommendation. The Minister shall then appoint a person to fill the vacancy.

8. An appointed member of Council may resign his office by letter addressed to the secretary; he shall be deemed to have resigned his office if he be absent from three consecutive meetings of Council without leave obtained, or become insolvent, or be convicted of a criminal offence, or become incapacitated from fulfilling the duties of his office by mental or bodily infirmity or disease.

9. Within fourteen days of the receipt of advice of a casual vacancy the secretary shall notify the vacancy to the person or body responsible for the appointment, who shall appoint a successor to hold office during the remainder of the period for which the retiring member was appointed. If a successor is not appointed within three months of his notification the Council shall at its next succeeding meeting report the vacancy to the Minister and may make a recommendation. The Minister shall then appoint a person to fill the vacancy.

10. The secretary shall report to the Minister all changes in the membership of the Council.

11. The Council shall submit for the approval of the Minister—

- (i) standing orders prescribing the procedure in Council meetings, the method of appointment and powers of committees, and the financial arrangements of the institution ;
- (ii) conditions of service of the teaching and administrative staffs ;
- (iii) the constitution of the Board of Studies and the powers and functions delegated thereto ;
- (iv) the creation of any department or of any teaching or administrative post ;
- (v) the names of persons proposed to be appointed as honorary or assessor members of Council under section six (ii) of the Act ;
- (vi) conditions for any certificates or diplomas to be awarded by the institution ;
- (vii) any scheme for joint control with another body or a portion of the work of the institution ;
- (viii) the name of the auditor or auditors who will sign the annual financial statements ;
- (ix) the name of any person to be appointed as principal of the Institution or to a full-time teaching post on the staff of the Institution ;

and shall forward for his information records of its proceedings.

III.—Boards of Studies.

12. The Board of Studies shall consist of the principal, who shall be chairman, such members of the teaching staff as shall be decided by the Council, and two persons who are not members of the full-time teaching staff and are appointed by the Council from among the members of the Council.

The powers and functions of the Board shall be decided by the Council with the approval of the Minister.

13. The Board of Studies shall elect annually two of its members to the Council who shall hold office for a period of one year.

IV.—Conditions of Service.

14. For the purpose of Regulations 15 to 21 inclusive, "officer" shall mean a member of the permanent full-time teaching staff.

15. Every officer shall receive notice of his appointment signed by the chairman of the Council, which notice shall indicate the rate of remuneration.

16. The appointment of any officer may be terminated by notice in writing on either side of three months ending on 30th June or 31st December, unless the Minister has approved of any other period or date agreed upon by the Council and the officer ;

(i) provided that notice of termination of contract as herein provided shall not be given by the Council to any officer unless the consent of the Minister has first been obtained.

(ii) Whenever a Council applies to the Minister for his consent to give notice to an officer of the termination of his contract the officer concerned shall be notified of the fact and such officer may within 14 days after the date of such notification by the Council to him submit to the Minister any written representations which he may desire to make on his own behalf.

17. The Council shall have the right to dismiss without notice at any time an officer who is guilty of serious misconduct or gross neglect of duty or is convicted of a criminal offence. The Principal shall have power to suspend from duty any officer if he consider such suspension necessary in the interest of the institution, but his action must be confirmed within fourteen days by the Council or the chairman acting for the Council.

18. An officer discharged by the Council for any reason other than the termination of his contract shall have the right to appeal to the Minister, whose decision shall be final. Notice of intention to appeal shall be given to the Minister and to the Council within fourteen days of the receipt of notice from the Council.

19. In the case of officers appointed on transfer from any public education service in South Africa, and assuming duty not later than the first working day in the quarter, salary shall be paid from the beginning of the calendar quarter in which service begins. If such appointment is made from overseas, such

allowance shall be paid for transport prior to the assumption of duty as the Council may determine.

20. Every officer shall perform such duties during college vacations as may be required by the Council, provided that not less than six weeks in each calendar year shall be left to his personal disposal.

21. (i) Subject to the exigencies of the college work and suitable provision for the duties of his office, an officer may be granted special leave of absence for a period not exceeding one month for each year of completed service on such terms as the Council may appoint, but full salary shall not be paid for a period of more than three consecutive months during such leave without the approval of the Minister.

(ii) In applying this regulation the Council may give recognition to periods of teaching service in other institutions.

(iii) In cases of incapacity through ill-health, sick leave may be granted on such conditions as the Council may prescribe in each case.

V.—Existing Rights.

22. Nothing in these regulations contained shall be deemed to deprive any officer duly appointed before the date prescribed under regulation 4 and holding office at that date of any rights previously obtained by agreement between him and the authority governing the institution at that date.

VI.—Inspection.

23. The Minister may from time to time cause an inspection to be made on the premises, administration, and instruction of an institution, and may require defects in these respects to be remedied as a condition of the grant-in-aid, of which the whole or part may be withheld until he is satisfied that proper steps have been taken to meet his requirements.

VII.—Grants-in-Aid.

24. After 1st April, 1924, the General Purpose grant to an institution shall for each financial year be based on the fee income and other revenue of the preceding calendar year.

Provided that in the first year in which a grant is made under these regulations the amount shall be determined by the Minister after consultation with the Treasury.

On fee income the grant shall be at the rate of £3 to £1 on the first £10,000, £2 to £1 on the following £5,000 and thereafter £1 to £1.

On other revenue the grant shall be at the rate of £2 to £1 on the first £2,000, and thereafter £1 to £1; provided that on fee income derived from bursaries granted out of the general revenue of an institution the grant shall not be more than £1 to £1.

25. The Minister may, with the consent of the Treasury and from funds provided by Parliament, make—

- (a) special grants for equipment or maintenance of departments in which expenditure is of necessity relatively high, or for other special purposes;
- (b) an annual additional grant diminishing by such amounts as he shall prescribe in the case of a new or rapidly developing institution, provided that in an institution receiving such additional grant no new posts qualifying for membership of the provident scheme shall be created and the grade of no existing post shall be raised without the consent of the Minister.

26. Notwithstanding anything contained in these regulations

- (a) the grant for any financial year in the period ending 31st March, 1928, shall not be less for any institution than the amount voted by Parliament for the year ending 31st March, 1924;
- (b) if the grant in any financial year shall be shown by the audited accounts to exceed three-fourths of the expenditure on salaries, maintenance, and debt charges during the calendar year ending 31st December in that financial year, the Minister may deduct such excess from the grant payable in the following financial year;
- (c) if the effect of the application of regulation 24 is to cause the grant in any financial year to exceed that of the preceding financial year by more than one-twentieth of the latter, the special consent of the Minister shall be necessary for such excess of increase;
- (d) in the event of the creation of a teaching or administrative post without the approval of the Minister as required under regulation No. 11, the Minister may abate the

General Purposes Grant to the extent of the salary of the incumbent of such professorship or lecturership.

In this regulation the word "grant" shall mean the sum of the General Purposes grant and the additional grant.

VIII.—Report and Accounts.

27. The Council shall present the Minister a report on the work of the institution for each calendar year not later than 31st March in the following year accompanied by an audited financial statement for the same purpose.

The financial statement shall include a balance-sheet as at 31st December and an income and expenditure account for the year.

The Minister may prescribe a form for this account, and may require an auditor's certificate of the observance of any regulation.

IX.—Loans.

28. The Council shall insure and keep insured against loss by fire in an approved insurance company or companies all buildings and any other property liable to loss by fire, and, in the case of property specially mortgaged under any loan granted under the Act, shall duly cede such policy or policies to the Government as collateral security for the loan in Excellence

29. All transactions for the acquisition of property and for the erection of buildings, and for the carrying out of work which are to be the subject of a Government loan under the Act, must be to the satisfaction of the Minister.

30. No building or erection or other work done shall become the subject of a loan under this Act without a certificate being first obtained from the Public Works Department approving of the technical details of the construction and the materials thereof.

No instalments shall be paid without a certificate from the architect employed by the Council.

31. The Minister may issue such instructions as he may deem necessary or desirable as to the procedure to be followed in regard to the application for and other arrangements in connection with any loan not inconsistent with the provisions of the Act.

32. The Council shall maintain and keep in good repair to the satisfaction of the Minister or his representative all buildings and other security given in respect of any loan under this Act.

33. No Government loan shall be issued in respect of any hostel not vested in the Council of the institution.

X.—Provident Fund.

(i) *Membership.*

34. Membership of this fund shall be compulsory for all full-time members of the permanent teaching staff whose posts have been approved by the Minister and the holders of such administrative posts as are approved for the purpose by the Minister taking up an appointment on or after 1st April, 1923, and for such full-time eligible officers in service on that date as shall before 1st October, 1923, have declared to the Secretary for Education in writing their intention to become members.

Provided that an officer to whom section *twelve* of Act No. 43 of 1925 is applicable will retain his existing conditions of contribution and pension unless he elects membership of this fund.

35. On the recommendation of a Council the Minister may admit to membership other officers of the institution, but Government contributions shall be made only on salary earned in respect of service which if full-time service would render membership compulsory.

36. An officer who at the time of appointment is a member of a Government pension scheme shall be credited in the Provident Fund with such an amount representing his interest in that scheme as may be provided under any law, or, if not so provided, as may be determined by the Treasury.

(ii) *Contributions.*

37. The member's normal annual contribution shall be 6 per cent. of his salary as on the first day of April in each year.

The Government shall contribute an amount equal to three-fourths and the Council shall contribute an amount equal to one-fourth of the member's normal contribution.

A Council or member may, with the approval of the Minister, make excess contributions.

38. (1) The annual contributions of the member and Council shall be deducted in three equal parts from the instalments of grants paid by the Government to the Council next succeeding the first days of April, August, and December in each year.

(2) An officer making the declaration referred to in regulation 35 may elect that his first half-yearly normal contribution payable on 1st October, 1923, shall be 6 per cent. of his salary at 1st April, 1923.

(iii) *Application of Contributions.*

39. All contributions by and in respect of members (except as hereafter provided) shall be paid by the Government to the Public Debt Commissioners, and shall be by them invested on behalf of the Provident Fund. All interest earned on the amounts invested by the Commissioners shall be added to the fund, a dividend being added yearly as at 31st March to each member's credit, calculated at a rate which shall not be less than 4 per cent. and shall not (except with the consent of the Treasury) exceed 5 per cent. on the amount standing to his credit on that date.

Provided that on sums received in terms of Regulations Nos. 36, 37 (third paragraph), or 43 (3), and paid to the Public Debt Commissioners on behalf of the Provident Fund, the dividend shall be calculated as from the date of such payment.

40. On the termination of membership there shall be paid to the retiring member or his legal representatives the accumulated sum standing to his credit, provided that if the period of membership has not exceeded two years and where such termination of membership is due to the resignation, discharge, or dismissal of the officer within the said two years, the sum so payable shall be the member's own contribution only without dividend, and the balance of his accumulated amount shall be credited to the income of the fund.

For the purpose of this regulation the period of membership shall be deemed to include the previous period of membership in any other pension or provident scheme or schemes established under any law, provided that membership in the schemes has been continuous.

Payments under this regulation may, unless the Minister direct otherwise, be deferred until the deduction specified in Regulation No. 38 (1) next succeeding the acceptance of the claim, and shall include interest at the rate of 4 per cent. per annum for the period intervening between the previous crediting of dividend under Regulation No. 39 and the date of payment.

(iv) Assurance Policies.

41. Notwithstanding anything in the preceding regulations contained, a member may elect that the whole or part of the contributions made by or in respect of him shall be applied to the payment of the annual premium on (a) a policy of assurance against death before the age of sixty, or (b) an endowment assurance policy maturing at the age of sixty. Every such assurance shall be effected by the Government with a company approved by the Minister, and the annual premium shall be payable and shall be paid by the Government on the first day of April, August, or December.

42. An officer may, on first becoming a member, submit for recognition an assurance policy already existing and, if this be accepted, shall be deemed to satisfy the condition of the preceding regulation.

43. (1) During the continuance of membership any policy of assurance effected and recognized under the preceding regulations shall remain in the possession of the Government, and shall be transferred to the retiring member or his representatives only on repayment of any amount advanced in excess of the amount that would have been payable under Regulation No. 40.

(2) Any bonus or other benefit accrued on any such policy of assurance shall not be payable to the member during the continuance of membership.

(3) Whenever such a policy of assurance matures before the termination of membership of an officer, the proceeds of the said policy shall be paid to the credit of the member in the Provident Fund.

(v) Termination of Membership.

44. A member of the scheme shall cease to be such when he shall cease to be an officer.

45. Government contributions shall not as a rule be continued beyond the calendar year in which the member attains the age of sixty. The Minister may, however, approve such continuance from year to year on the recommendation of the contributing Council.

46. A Council proposing to grant a pension or gratuity to a retiring or retired officer, or to the estate of a deceased officer

additional to the benefits (if any) obtained under this scheme may apply to the Government for a grant on the pound for pound principle. Such a grant may be made by the Minister subject to the condition that the whole pension provided by Government shall not exceed eight pounds for each year of approved service. For the purpose of this regulation it shall be assumed that the value of an immediate annuity of one pound in the case of men at the age of sixty is ten pounds and at any other age is six shillings more or less than that value for each year by which the age is less or more than sixty years ; further, it shall be assumed that the value of an annuity payable to a woman is fifteen shillings for each pound of annuity greater than the value of an annuity payable to a man and beginning at the same age.

(vi) *Women Members.*

47. In the case of women Regulations Nos. 41 and 45 shall apply with the substitution in each case of fifty-five for sixty.

(vii) *Acting Appointments.*

48. Contributions shall not, except with the special approval of the Minister, be made during an acting or temporary appointment, but if such appointment is converted into a full appointment the officer may elect to make contributions for the period during which such appointment was an acting or temporary one, and in this event Government and Council contributions shall be paid as prescribed under Regulation No. 37.

(viii) *Administration.*

49. All expenditure in connection with the administration of the scheme shall be borne by the Government.

XI.—Interpretation of Terms.

50. In these regulations, unless inconsistent with the context—

“ the Act ” shall mean the Higher Education Act, 1923 ;

“ secretary ” shall mean the person appointed by the Council to perform the duties assigned to the secretary in these regulations ;

“ officer ” shall mean a duly appointed member of the teaching or administrative staff of a declared institution ;

- “ other revenue ” shall mean revenue (other than Government grants and fee income) which is available for ordinary recurrent expenditure and is not applied to the provision of bursaries ; provided that the Minister shall not recognise as “ other revenue ” for the purpose of grant any sums received by the institution which in his opinion should be applied to the capital endowment ;
- “ general revenue ” shall mean the sum of “ fee income ” and other revenue.

57. Where any committee in receipt of a grant-in-aid for a recognized course fails to abide by any condition attaching to the payment of the grant or fails to comply with any instruction given by the Minister in regard to any matter connected with the course the Minister may withhold payment of the whole or any portion of the grant-in-aid which may be due.

and every case, where the whole or any portion of the grant-in-aid voted by Parliament has been withheld by the Minister, he shall report the matter to Parliament with his reason for so withholding payment within fourteen days of his having notified the institution concerned of his intention so to withhold payment, if Parliament be then in session, or, if Parliament be not in session, within fourteen days of the commencement of the next ensuing session thereof.

Every institution shall submit with the estimates of revenue and expenditure referred to in regulation one a copy of the audited balance-sheet and financial statements for the immediately preceding year ; together with a statement showing the staff of the institution and the salaries paid in the form set out in Schedule "B" of these regulations.

3. Between the 1st and 7th September in each year every institution shall submit to the Minister a statement of revised revenue and expenditure for the current year in the form set out in Schedule "C" of these regulations.
